

THE ECERS CLASSROOM

TUESDAY, OCTOBER 8

2:00 PM – 5:00 PM

This hands-on workshop will highlight the environmental and program expectations found within the Revised Environmental Rating Scale which is currently being used in California. Participants will be led by CA-QRIS Regional Anchor Tracy Marrs to reflect on their individual classroom arrangements and daily schedules to enhance the high quality expectations of ECERS-R. Local agencies are invited to send individuals who are using this tool for coaching, site quality improvement, or teacher professional development. Content will be beneficial to all levels of experience and inclusive to all staff members.
