inspired benevolence in accordance
with the teachings of Christian Science.

“Undisturbed amid the jarring testimony of the material senses, Science, still enthroned,
is unfolding to mortals the immutable, harmonious, divine Principle . . .”

Dear Friend,

“*Undisturbed.*” What a peaceful and productive quality! We join you in remaining undisturbed as we care for each other during this moment.

We’d like to offer some help to those in need.

If you have been financially impacted by the current economic interruption, and you are a member of The Mother Church or a member of one of its branches, please know that financial assistance is available. If you are aware of a fellow church member who may need help, please share this information with them.

If you need assistance, please complete a brief online application at PrincipleFoundation.org. If you do not have internet access, please leave us a message at 816-561-5955. We will call you back within two business days.

We often find that the need to *give* among our fellow Christian Scientists is greater than the need for help. Online giving is available through PrincipleFoundation.org.

Whatever you are led to do, we join you in the demonstration of harmony restored.

With love,

Bruce Jeffrey
Executive Director

P.S. We often hear from Christian Scientists, “I’ve heard of The Principle Foundation, but I don’t know what you do.” This is what we do. We offer grants to help fellow Christian Scientists with an immediate financial need. The grants are in support of, not a replacement for, one’s reliance on God to meet every human need.
