

The First Church of Christ, Scientist

The Christian Science Board of Directors

April 21, 2020

A message from the Christian Science Board of Directors

Dear Faithful Workers,

Our heartfelt gratitude overflows for each of you for the work you are doing in this unprecedented time. We are aware of the extraordinary measures you are being asked to take—as a loving expression of the Golden Rule, in consideration of others and removing fear.

We want you to know you are in our constant prayers for our dear movement and our world as we acknowledge that all are strengthened, supported, and protected by “Divine Love that always has met and always will meet every human need.” (Mary Baker Eddy, *Science and Health*, p. 494:10).

Your compassionate, practical, ethical nursing which is founded on the “rock, Christ”—the Science of Christianity—enables you to accomplish your duty with the “calm, Christian state of mind” that Mrs. Eddy writes, “is a better preventive of contagion than a drug, or any other possible sanative method;...” (*Miscellaneous Writings*, 229).

Thank you for your example of dedication, strength, and faith which is so needed at this time. Your work is a vital part of our Church’s healing response to our world, and we appreciate you and are supporting you!

With our love and gratitude,

Scott Preller

Barbara Fife

Keith Wommack
