

Well-child check-ups, sports physicals & immunizations are important, especially now!

Cook County Health offers comprehensive health care for kids and teens. CCH has doctors who care for children's everyday health and specialists dedicated to treating specific illnesses.

Children should see pediatricians annually for a physical exam to check for developmental milestones and to receive any necessary vaccinations. Many well-child services are free for patients with Medicaid or commercial health insurance.

Call 312-864-0200 to make an appointment for your child at one of CCH's health centers listed on the back.

COVID_19 VACCINES

The Pfizer COVID-19 vaccine has been approved for all children age 12 and older. If we want children to return to school, sports and social activities as safely as possible, they should be vaccinated. It is our best chance at returning to uninterrupted in-person learning and getting back to normal.

Cook County Health is offering the vaccine free of charge at all of its health centers.

Individuals age 12-17 must be accompanied by a parent or guardian to get vaccinated. Walk-ins are welcome at all sites from 8:30 a.m. – 4:00 p.m. Please visit [MyShotCookCounty.com](https://www.mysotCookCounty.com) or call **833-308-1988** for more details or to make an appointment.

COOK COUNTY
HEALTH

cookcountyhealth.org

Call 312-864-0200 to make an appointment for your child.

Los chequeos de niño sano, los exámenes físicos para deportes y las vacunas son importantes, ¡especialmente ahora!

Cook County Health ofrece cuidado médico integral para niños y adolescentes. CCH tiene doctores que se ocupan de la salud diaria de los niños y especialistas dedicados al tratamiento de enfermedades específicas.

Los niños deben ver a los pediatras anualmente para un examen físico a fin de verificar los hitos del desarrollo y recibir las vacunas. Muchos servicios de bienestar infantil son gratuitos para pacientes con Medicaid o seguro médico comercial.

Llame al 312-864-0200 para programar una cita para su hijo en uno de los centros de salud de CCH que se enumeran al dorso del documento.

VACUNAS QUE PROTEJEN CONTRA EL COVID-19

La vacuna Pfizer contra el COVID-19 ha sido aprobada para todos los niños mayores de 12 años. Si queremos que los niños regresen a la escuela, los deportes y las actividades sociales de la manera más segura posible, ellos deben vacunarse. Es nuestra mejor oportunidad de volver al aprendizaje ininterrumpido en persona y volver a la normalidad.

Cook County Health ofrece la vacuna de forma gratuita en todos sus centros de salud.

Las personas de 12 a 17 años deben estar acompañadas por un padre o tutor para vacunarse. Los visitantes sin cita previa son bienvenidos en todas nuestras ubicaciones de 8:30 a.m. a 4:00 p.m. Visite MyShotCookCounty.com o llame al **833-308-1988** para obtener más detalles o para programar una cita.
