

# COMING TO IRON MOUNTAIN!

**Get ahead in  
your career – or  
start a new one!**

Learn about online opportunities for career-advancing degrees for employed adults:

- ▶ **Applied Science in Management**
- ▶ **Health Informatics**
- ▶ **Business Administration (MBA)**

#### **THE APPLIED SCIENCE IN MANAGEMENT**

is a bachelor's degree for those who already have an associate degree in a technical field. Gain added expertise and skills to advance to management and leadership roles in your field. Up to 90 credit hours from Bay College or others may be transferred into the program.

#### **HEALTH INFORMATICS**

is a 5-course graduate certificate program that trains healthcare, information systems and health administration professionals in the latest technology, data and electronic records management. Courses can also be applied to NMU's MBA degree.

#### **THE MASTER OF BUSINESS ADMINISTRATION**

program provides you with the skills and confidence to be an ethical, creative leader in whatever field you are in or interested in entering. Learn how to invent or transform. Inspire and innovate. Analyze and achieve.

Representatives from NMU will be here to informally provide information and answer your questions. Stop in; no appointment is necessary.

**Wednesday, September 25**  
**3 – 7:30 p.m.**  
**Bay College West, 101 Lower Level Commons**

**NORTHERN MICHIGAN UNIVERSITY**
