

So, what's still in the works for the Vision Sonora Design Review Committee?

Linoberg Street:

1. Paint the southern wall on Linoberg street in preparation for an historical mural
2. Hang more effective sunshades for the summer months
3. Install security cameras on both ends of the street
4. Add more historical lights to showcase the LINOBERG tie iron initials on the brick wall. *Bet you've never noticed them there!*
5. Put out an RFP for an artist/artists to paint an historical mural
6. Raise money for the mural project

Other Downtown Projects:

1. Design and install new "Welcome to Historic Sonora" signs, east and west, on the bypass.
2. Spiff up Grigsby Park by the public restrooms.
3. Finish the Farmers Market bathroom.
