Mr. Josselyn,

Thank you for reaching out to the House Judiciary Committee. This briefing will be livestreamed on the MGA website and YouTube. Members of the public will be able to view this live and will be able to watch it after the fact as well.

This briefing is only for state and local government agencies to brief the House Judiciary Committee on their roles in the juvenile justice system. We look forward to inviting members of the public to our public bill hearings, which will resume in January.

Thank you again for reaching out, and please do not hesitate to contact us with further questions!

Best,
Hunter

Dear Chairman Clippinger,

Will members of the public be allowed to attend the conference and offer input?

Respectfully,

JHJ
