

Save the Date for the upcoming Virtual Symposium

Please **Save the Date** for the first **DoD Small Business Innovation Research (SBIR) / Small Business Technology Transfer (STTR) Virtual Symposium** to be held on **Wednesday, October 7, 2020.**

The DoD Small Business and Technology Partnerships (SBTP) Team and I are thrilled to announce the first of many events we plan to host in an effort to raise awareness of how the SBIR/STTR programs bring value to the Department and to the Warfighter; and to educate small businesses on how to participate in the DoD SBIR/STTR programs. The Symposium theme is "shaping the future of innovation," and we have created a full day's agenda to:

- Encourage small businesses to participate in the DoD SBIR/STTR programs.
- Provide an opportunity to engage with DoD.
- Help SBIR/STTR firms better understand the research and technology priorities of the Department.

We encourage those who are interested in learning more about the DoD SBIR/STTR programs to attend the event. More details on the Symposium will be provided in the coming days. [To sign up and receive upcoming emails, please follow this link.](#)
