DEPARTMENT OF DEFENSE

xTechSearch Fall is open for submissions until October 31st, 2022.

xTechSearch is an open-topic SBIR prize competition. The DOD is seeking novel, disruptive concepts and technology solutions with dual-use capabilities that can assist in tackling the Army's current needs and apply to current Army concepts. The intent is to provide the Army with transformative technology solutions while enabling cost savings throughout the Army systems' life cycle.

Critical technology focus areas include: Artificial Intelligence/Machine Learning (AI/ML); Advanced Materials; Advanced Manufacturing; Autonomy; Climate and Clean Technologies; Cyber; Electronics; Human Performance; Immersive; Network Technologies; Position, Navigation and Timing (PNT); Power; Software Modernization; and Sensors.
