A pre-application is required and must be submitted through the electronic Biomedical Research Application Portal (eBRAP) at <https://eBRAP.org> prior to the pre-application deadline. All applications must conform to the final Funding Opportunities/Program Announcements and General Application Instructions which can be found on the [Grants.gov](https://Grants.gov) website (<https://Grants.gov>). A listing of all CDMRP and other USAMRDC extramural funding opportunities can be obtained on the [Grants.gov](https://Grants.gov) website by performing a basic search using Assistance Listing (formerly CFDA) 12.420.

**New for FY22:** The applicant organization must be registered as an entity in SAM (<https://www.sam.gov/SAM/>) and receive confirmation of an “Active” status before submitting an application through [Grants.gov](https://www.federalregister.gov/documents/2019/07/10/2019-14665/unique-entity-id-standard-for-awards-management). As published in the Federal Register 10 July 2019 (<https://www.federalregister.gov/documents/2019/07/10/2019-14665/unique-entity-id-standard-for-awards-management>), the Unique Entity Identifier for awards management generated through SAM will replace the Data Universal Numbering System (DUNS) number as of April 2022. CDMRP has transitioned to use of the Unique Entity Identifier (SAM) and will utilize the latest SF 424 which includes the UEI. The DUNS will no longer be accepted.
