## **BBCetc is a proud recipient of the 2021 Michigan Celebrates Small Business “50 Companies to Watch” award**

It would be an understatement to say that we’re honored.

Michigan Celebrates Small Business (MCSB) is the most prestigious small business awards program in the state of Michigan. It was created to honor and recognize Michigan’s small business people as well as those who champion and support them — and their effect on the Michigan economy

BBCetc has long collaborated with the state of Michigan and all of the organizations that advocate for small business and innovation that drives growth within a wide variety of industries.

MCSB is the “nucleus” of support to the 1,000 companies who have received an MCSB award — connecting them to resources they need to stabilize internal operations and accelerate future growth.

We’re incredibly proud to be one of them for 2020.
