

# TIPS *and* TRICKS

## to save up for the things you need

A Summit savings account is the perfect tool for keeping track of your money, so you can buy what you want sooner while saving for future purchases.

**What can I get out of saving? I don't make very much money?**

Saving is way more than just pooling cash — it's about organizing your life. When you set up a savings account, you can easily lay out your money and plan for the things you want.

**Okay, so how is a savings account going to help me organize my life?**

One way is to create multiple accounts. Set aside money for the things you pay for each month (like Spotify or your phone bill), and others for the things you want to save for. Whether you want a new phone case, you're saving up to buy a car, or saving for college, you can easily separate that money and see the progress you're making.

**That sounds kinda complicated. How hard is it to move all that money around?**

It's easy in the Summit app! You can set up automatic withdrawals and never think about it again. And if the things you want to save for change, you can simply adjust what goes where.

**This sounds good, but where can I go for more info?**

You can call Summit at 800-236-5560, or visit our website at [SummitCreditUnion.com](https://SummitCreditUnion.com) for a variety of blogs with great info.
