# 2019 WPMA Annual Scientific & Membership Meeting

**SEPTEMBER 12-14**

*At the Ridge Hotel in Lake Geneva*

# Learning Objectives

*At the conclusion of this program, attendees will:*

- Demonstrate an understanding of why opioids should be used only as a last resort in treating acute and chronic pain, non-opioid medications and techniques for treating acute pain and non-opioid medications and techniques for treating chronic pain.
- Recognize the incidence and prevalence of gout as it affects the podiatric population, identify radiographic changes associated with gout, apply various conservative measures in the treatment of patients with acute and chronic gout, know when to refer to a rheumatologist, and understand advanced treatment options.
- Utilize and explain the benefits of peripheral nerve surgery in lower extremities to reduce chronic pain.
- Understand the severe, growing problem of burnout within the medical profession and its effect on physicians and the entire health-care system, recognize the signs and symptoms of physician burnout, identify the multiple causes of this devastating problem, review the psychological and physiological nature of stress and its effect on the human mind and body, and discuss techniques to reduce the risk and intensity of burnout through self-directed activities.
- Gain a better understanding of the principles, standards and evolution of care for wounds, including proper assessment of lower extremity wounds and inflammatory-based wounds, wound care in the trauma patient, cellular senescence, diagnosis of peripheral arterial disease, treatment options for diabetic foot wounds, and the newest technologies available.
- Assess ethical and proper use of pain management in foot and ankle surgery as a means of patient improvement.
- Understand the diagnosis and treatment options for Lisfranc fracture dislocation.
- Discuss the history of surgical intervention and review training and techniques for limb pain in daily practice.
- Identify the target problem (condition) deformity & bone loss which target muscle flap, correction speed and other considerations in orthoplastic limb reconstructions.
- Improve knowledge of podiatric surgery including limb pain microsurgery solutions.

# Hotel Accommodations

The WPMA has secured room for both Thursday and Friday nights for \$159. If you wish to make your room reservation, please call (262) 249-3800 and reference that you are part of a group block under the name of Wisconsin Podiatric Medical Association. The deadline to book rooms is August 16th.

The Ridge Hotel is not your stereotypical Lake Geneva lodge. Just off the beaten tourist track, The Ridge Hotel is the ideal base camp for your Lake Geneva visit. Many of our guests are content to simply hunker down here — starting with that morning cup of Colectivo coffee from bean + vine to an eclectic dining experience at our Wine Spectator award-winning Crafted Americana and a Wisco shoreline sunset on our veranda. At The Ridge, we're putting out that vibe that makes you wish you could linger just a few more days ... and then some.

PLATINUM  
CORPORATE  
SPONSORS

**Cancellation Policy** A \$10 administration fee will be charged. Cancellations must be received in writing to WPMA prior to September 6th, 2019. No refunds for cancellations will be honored after that date. All refunds will be processed following the Annual.

# Golf Outing

Tee times have been reserved for the Arnold Palmer Course at Geneva National. The course winds through the rolling woods of Geneva National, with three spectacular finishing holes along Lake Como. Arnold Palmer himself calls the Signature 17th hole one of his favorites, placing it as #11 in his personal "Dream 18 in the eastern part of the states. The Palmer Course has also been named Top 10 Wisconsin Golf Courses by both GOLF WEEK and Golf Digest. A tough course featuring elevated tees and challenging greens. Even more important than the golfing are the relationships formed and the exchange of ideas that occur on the greens. Tee times every 10 minutes beginning at 11:42 a.m.

## CE MISSION STATEMENT

*The Wisconsin Podiatric Medical Association is committed to providing the highest quality didactic, evidence-based and clinical education opportunities for podiatric physicians, residents and staff to advance the art and science of podiatric medicine and surgery. Programs utilize a variety of formats including: seminars, lectures, workshops, round tables, case studies and panel discussions. The intention of the programs is to enhance the knowledge, acumen, expertise and skills of the attendees to continuously improve patient care and outcomes. Our goal is to provide cutting-edge instruction for providers, such as education on prescribing opioids as is newly required by the state, and is relevant and important to the public.*
