STORM DAMAGE

CLAIMS TIPS

- ✓ Keep an updated copy of your homeowner's insurance policy in a safe, easily accessible place
- ✓ Review your policy annually. Know how much coverage you have, what is covered, and most importantly what is NOT covered
- ✓ After a loss, mitigate the damage so that additional losses are not incurred
- ✓ Take extensive photos and video of any damage. Keep copies of all receipts!
- ✓ Do not remove any damaged property or make permanent repairs until the insurance company adjuster has an opportunity to inspect
- ✓ You have the right to control and select who does your repairs. Do not sign over your claim to a contractor or restoration company
- ✓ You have the right to hire an expert to assist you through the process. A public adjuster's purpose is to look out for your best interest!
