

PROJECT TITLE:

Wastewater Main Rehabilitation Project Fiscal Year 2022

PROJECT OVERVIEW: The project consists of the trenchless rehabilitation of approximately 2.59 miles of aging sewer pipes. The pipes were selected based on the City's Sewer System Management Plan, which helps prioritize the most important locations.

PROJECT BENEFITS: This type of rehabilitation allows for the continued, uninterrupted operation of the wastewater collection system. This system is a continuous barrier that maintains the health and wellness of the environment. Rehabilitating sewer lines provides City residents safe, reliable, and cost-effective sewer services for generations to come.

QUICK FACTS

Location: 45 locations throughout the City

Construction Schedule: spring 2022 through winter 2022

Construction Contract Costs: \$919,409.00

Funding Source: Wastewater Fund
