SBCC Career Skills Institute

Career Skills Institute offers a series of short courses that have been carefully selected to provide training that you need to get a job, advance in your career, and/or develop skills to grow your business. Courses are packaged together to enable you to earn a certificate and digital badge – demonstrating you have mastered new skills.

Sample Certificate: Project Management

The Project Management Certificate enables students to develop the additional planning, idea generation, and implementation skills to open up additional work and advancement opportunities. This certificate is also a pathway into other noncredit and credit programs, helping students develop workplace skills and training that will qualify them for even more work opportunities.
