

AQUACULTURE APPRENTICESHIP

UW-Stevens Point Northern Aquaculture Demonstration Facility, located in Red Cliff, is offering a 6 month apprenticeship to gain hands on experience and skills in aquaculture including water quality, fish culture, system designs, research and more. Daily activities will include care of Atlantic salmon, walleye and Arctic char at various life stages, system maintenance, data collection, project development, education and outreach through tours and other public events. [Learn more about working at the facility.](#)

Eligibility: High School Diploma and interest in fisheries, environmental science, natural resources or similar. Participants must be U.S. citizens or permanent residents of the U.S. and its possessions.

Start Date: Approximately June 2025, but negotiable.

Stipend: \$20/hr. 40hrs/week, 6 months.

Location: [The University of Wisconsin Stevens Point Northern Aquaculture Demonstration Facility, 36445 State Hwy 13, Bayfield, Wisconsin 54814.](#)
