POPULATION ESTIMATE

\*Onreservation sample. Totals do not include blank surveys; reported percentages were calculated based on total responses for each question. Not all respondents answered every question.

1,217

Red Cliff residents' information was collected in the survey

90.9%

are American Indian or Alaska Native

7.0%

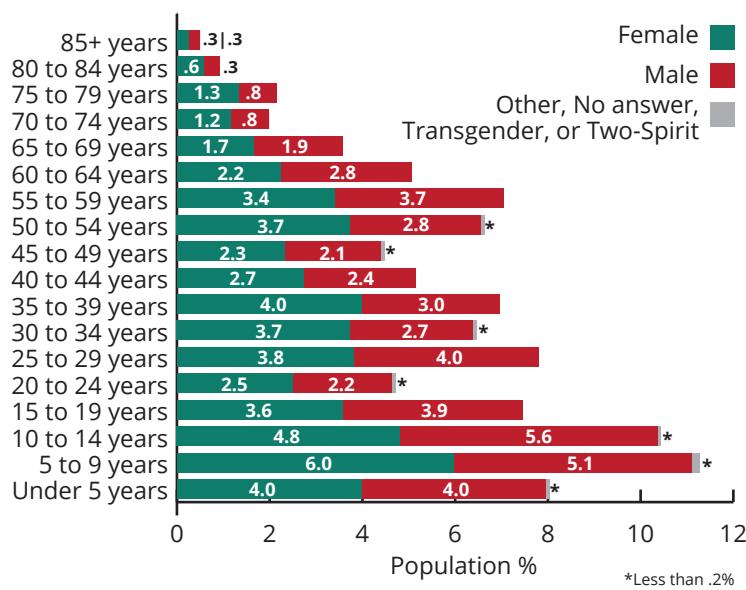

of adults served in U.S. Armed Forces, Reserves, or National Guard

27.3%

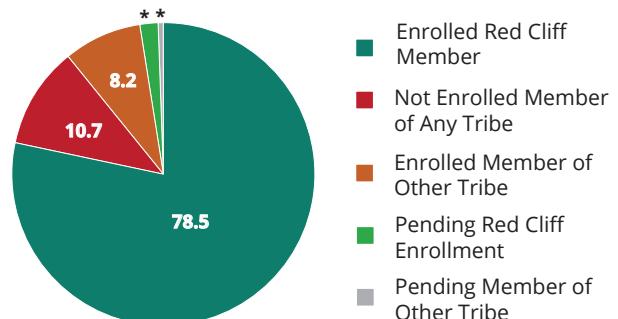

live in homes that are **overcrowded**

## Population in Surveyed Households

Housing Needs Assessment, 2021

## Membership Status On Reservation

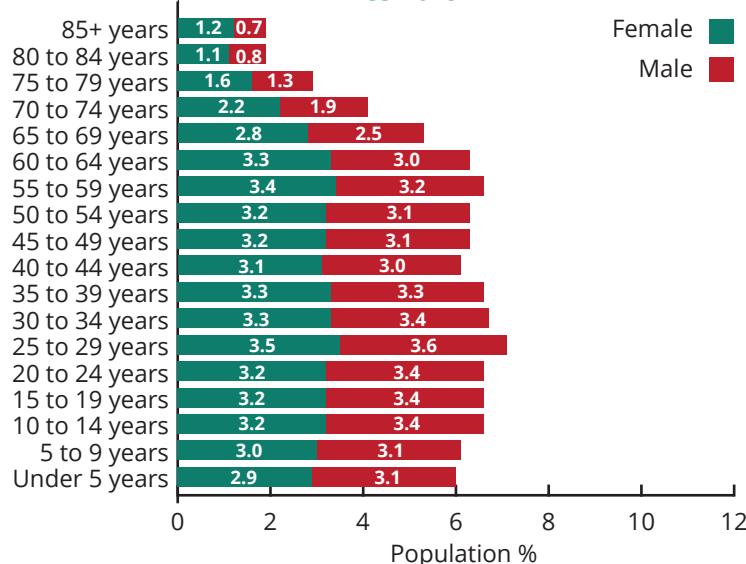

Total responses | 404

\*Less than 2%

## US Population

ACS 2019

30.0

was the **average age** of the surveyed population

51.8%

of individuals in surveyed households identified as **female** (48.2% male)

34.3%

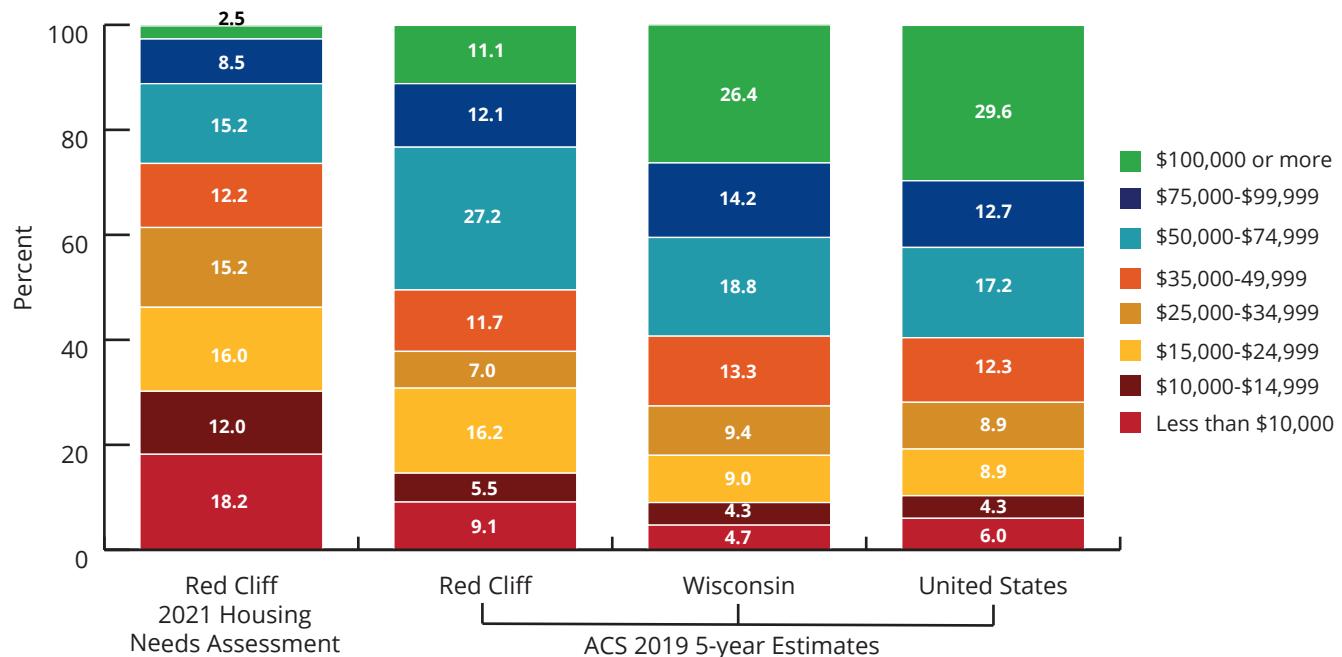

of individuals in surveyed households were **children** (under 18 years of age)

21.0%

of individuals in surveyed households were **elders** (55 and over)

# INCOME

## Household Income Comparison

**42.4%**

of households were **below the federal poverty level (FPL)**

**52.9%**

of households with a child were **below the federal poverty level (FPL)**

### Household Income

**MEAN:** \$34,560  
**MEDIAN:** \$28,003  
**RANGE:** \$0 – \$200,000

## Relation to Federal Poverty Level

	ALL HOUSEHOLDS	HOUSEHOLDS WITH CHILDREN	HOUSEHOLDS WITH ELDERS AGE 55+
<b>0 - 25% Federal Poverty Level</b>	32 (8.0%)	17 (9.2%)	4 (2.1%)
<b>25.1% - 50% Federal Poverty Level</b>	41 (10.3%)	32 (17.3%)	8 (4.2%)
<b>50.1% - 75% Federal Poverty Level</b>	51 (12.8%)	28 (15.1%)	22 (11.5%)
<b>75.1% - 100% Federal Poverty Level</b>	45 (11.3%)	21 (11.3%)	21 (11.0%)
<b>100.1 - 130% Federal Poverty Level</b>	35 (8.8%)	17 (9.2%)	17 (8.9%)
<b>130.1 - 138% Federal Poverty Level</b>	7 (1.8%)	5 (2.7%)	3 (1.6%)
<b>138.1 - 150% Federal Poverty Level</b>	11 (2.8%)	6 (3.2%)	6 (3.1%)
<b>150.1 - 200% Federal Poverty Level</b>	52 (13.0%)	21 (11.4%)	30 (15.7%)
<b>Above 200% Federal Poverty Level</b>	126 (31.5%)	38 (20.5%)	80 (41.9%)

# EMPLOYMENT

## Job Status

Permanent Full-Time	276 (34.6%)
Permanent Part-Time	38 (4.8%)
Temporary Full-Time	15 (1.9%)
Temporary Part-Time	21 (2.6%)
Seasonal Full-time	59 (7.4%)
Seasonal Part-time	21 (2.6%)
Self-Employed	20 (2.5%)
Student	9 (1.1%)
Stay-At-Home Caregiver	5 (0.6%)
Unemployed	192 (24.1%)
Retired	108 (13.6%)
Disabled	87 (10.9%)

\*Multiple-answer question. Percentages add up to more than 100%.

**52.2%**

of unemployed adults **did not** work in the past year

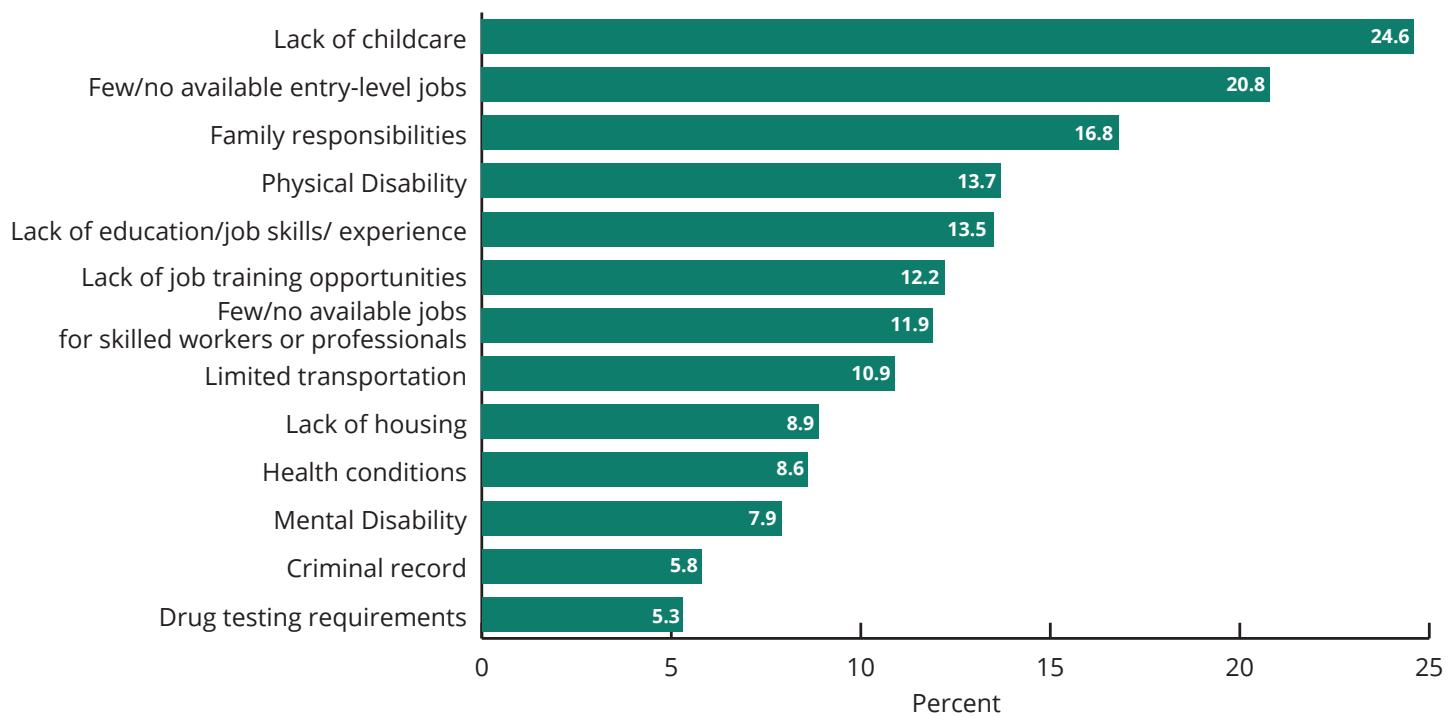

**29.2%**

of elders 55+ **worked permanent full-time or part-time** jobs

**93.5%**

of seasonal workers were employed during the **summer** (22.1% employed during the winter)

## Reported Barriers to New Employment (Respondent could choose up to 3)

Total responses | 395

Percentages add up to more than 100%.

# HOUSING

## Total Number of People in Current Unit

**AVERAGE:** 3.01 PEOPLE  
**MEDIAN:** 3 PEOPLE  
**RANGE:** 1 – 13 PEOPLE  
**ACS REPORTED AVG:** 2.72 PEOPLE

**52.2%**

of households **rent their home**; 4% occupy without any monthly payment

**10.8%**

of households were **severely cost-burdened** (paid more than 50% of income on housing)

**3.2%**

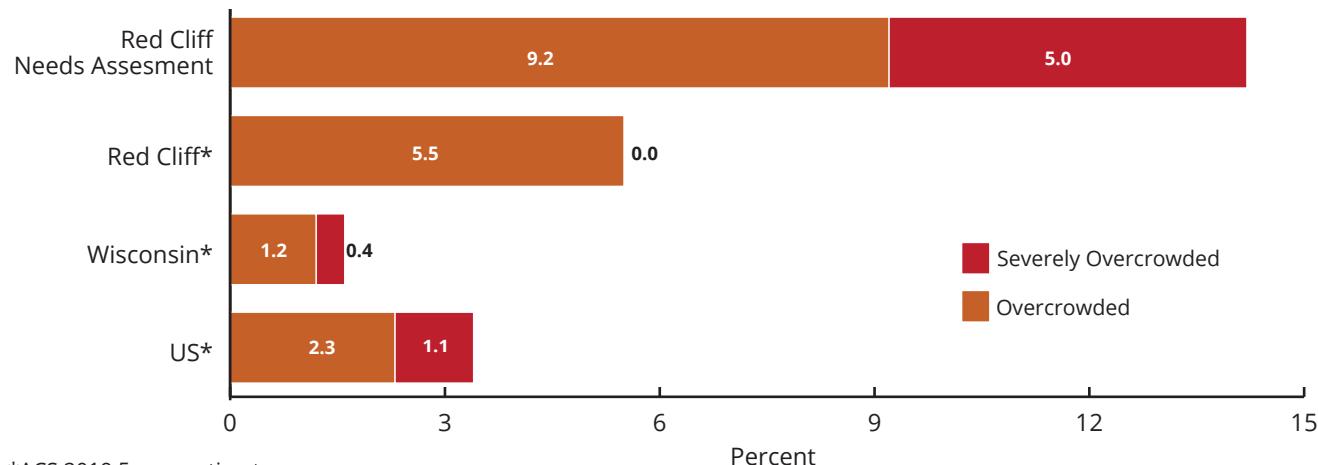

of households **lack essential kitchen or plumbing facilities**

**46.8%**

of households are **interested in buying** or renting-to-own a new home

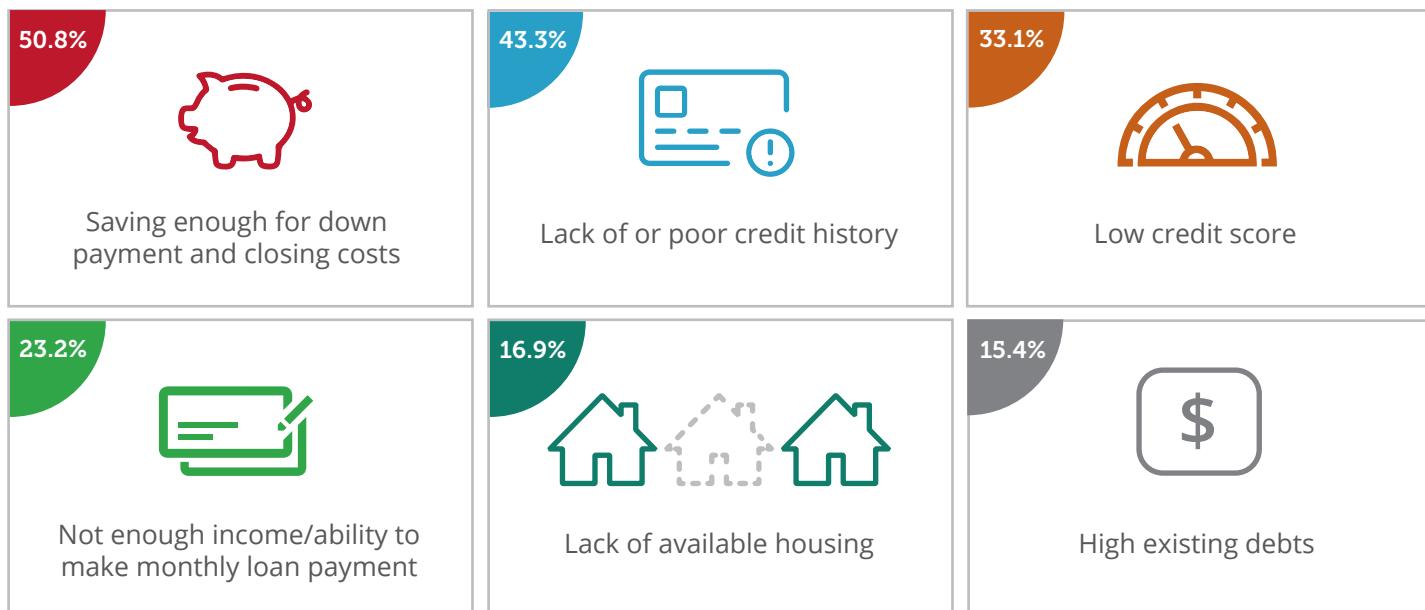

## Overcrowding Rate Comparison

An overcrowded household has more than 1 person per room; severely overcrowded households have more than 1.5 persons per room.

\*ACS 2019 5-year estimates  
Total responses | 404

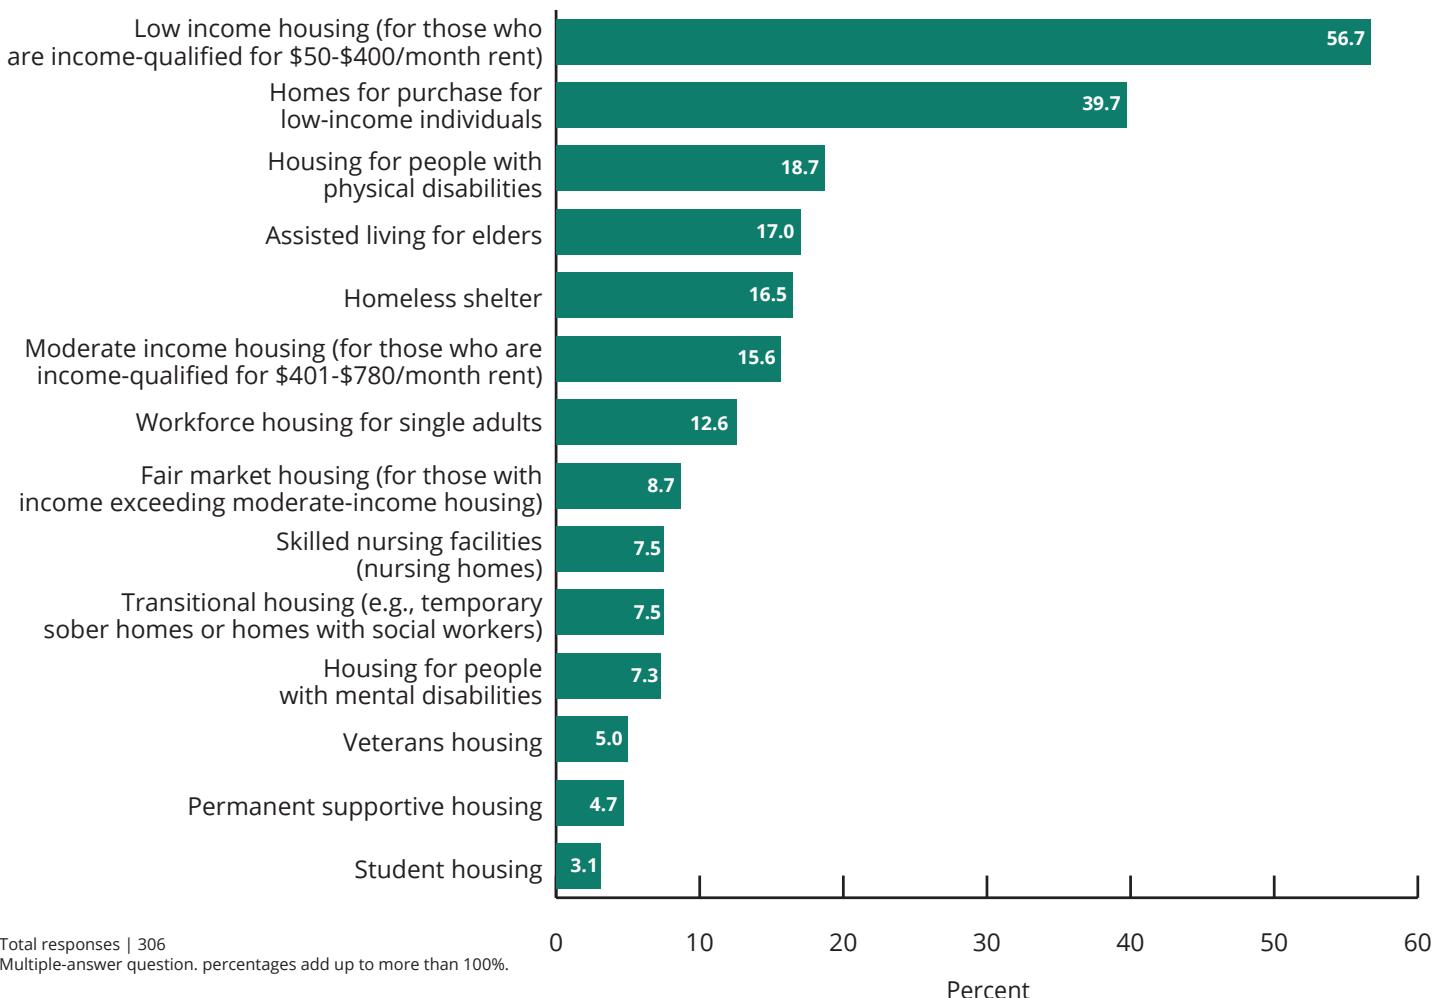

## Top Barriers to Homeownership (Respondent could choose up to 3)\*

\*Multiple-answer question. Percentages add up to more than 100%.

# HOUSING

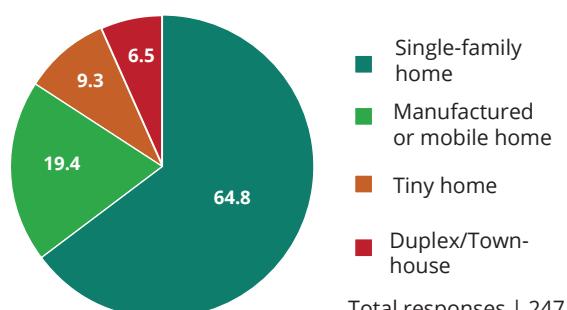

## Additional Housing Needed on The Red Cliff Reservation

## Housing Costs as Percentage of Income

Less than 10.0 percent	102 (25.5%)
10.0 to 14.9 percent	74 (18.5%)
15.0 to 19.9 percent	61 (15.3%)
20.0 to 24.9 percent	41 (10.3%)
25.0 to 29.9 percent	36 (9.0%)
30.0 to 34.9 percent	14 (3.5%)
35.0 to 39.9 percent	13 (3.3%)
40.0 to 49.9 percent	14 (3.5%)
50.0 percent or more	45 (11.3%)

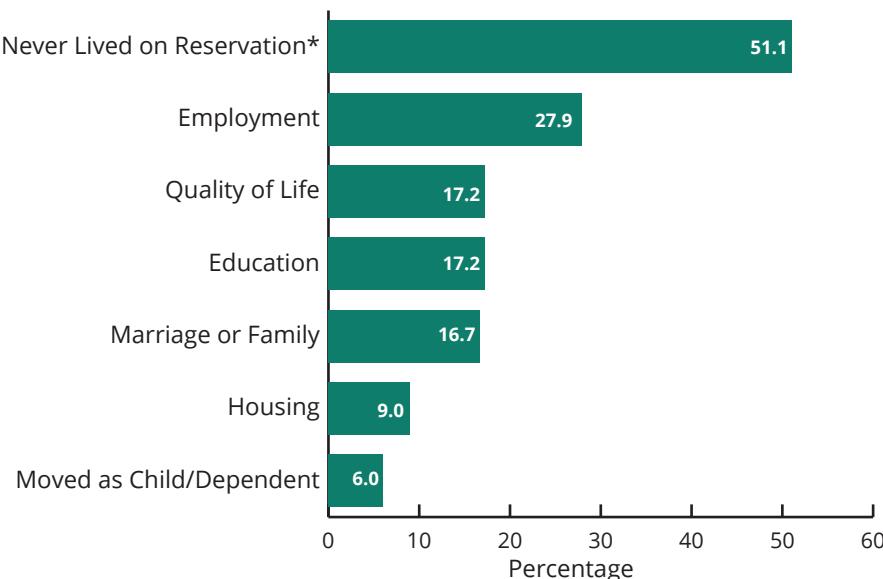

## Preferred Type of Home for Purchase

Total responses | 247

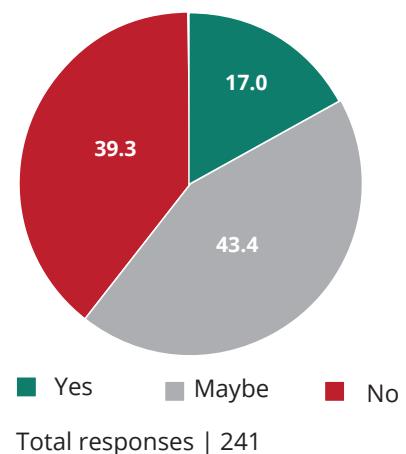

# Off-Reservation Survey

## Why Moved Away From Reservation

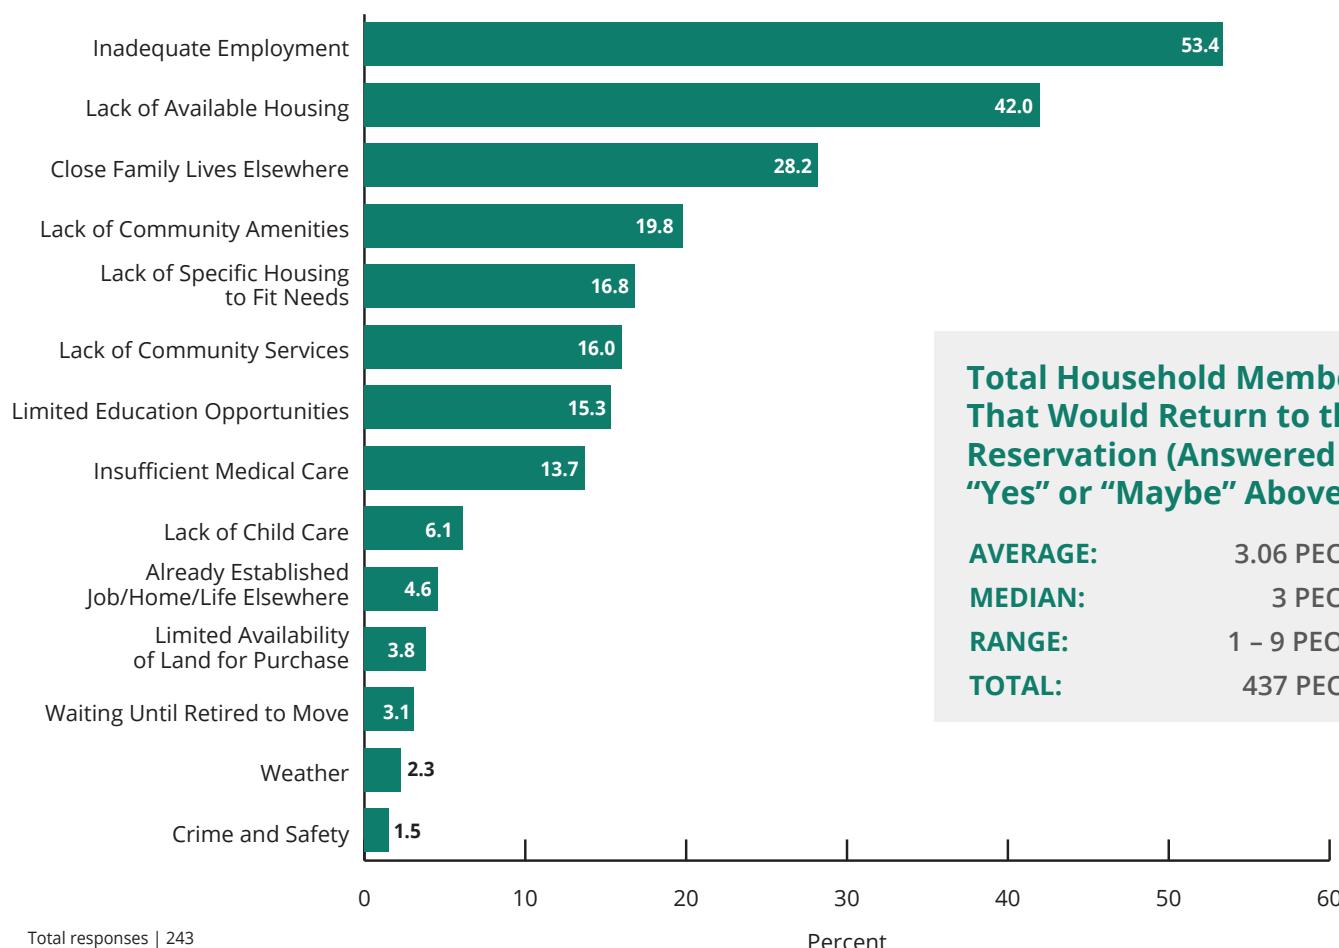

Total responses | 243  
Multiple-answer question. percentages add up to more than 100%.

## Desire to Return to Reservation

## Barriers to Moving Back to Reservation

**Total Household Members That Would Return to the Reservation (Answered "Yes" or "Maybe" Above)**

**AVERAGE:** 3.06 PEOPLE  
**MEDIAN:** 3 PEOPLE  
**RANGE:** 1 – 9 PEOPLE  
**TOTAL:** 437 PEOPLE

Total responses | 243  
Multiple-answer question. percentages add up to more than 100%.

## Red Cliff Band Housing Needs Assessment

### Survey Results

Red Cliff, WI

April 21, 2020

## Our Team

- Managing Director: Kevin Klingbeil
- Research Associate: Rachel Kramer
- Data Analyst: Harry Maher

# Overview

## Project Background

- Goals/Purpose and Methodology
- Timeline

## Survey Results:

- Census Challenge Results
- Demographics
- Income
- Employment
- Housing
- Off-Reservation Survey

## Next Steps

- Use of Data in Strategic Planning
- Census Challenge Timeline
- Data Transfer

# Project Background

# Overview of the Project

**Project Purposes:** IHBG Formula “Census Challenge” and Collection of Essential Homeownership and Housing Needs Data

**Target Population:** On-Reservation Survey: All households within the reservation.  
Off-Reservation Survey: All off-reservation member households in nearby states (WI, MI, MN).

# Overview of the Project

## Survey Methods:

- Online form (accessed with survey code provided in survey packet)
- Paper form (left with respondent for pick-up on request or completed at housing authority)
- In-person visits upon request (using full PPE)
- Liz Boyd as Survey Manager

# Overview of the Project

## Incentives:

\$15 gift card to Buffalo Bay Store, Peterson's Food, or Legendary Waters Casino Restaurant/Snack Bar;  
Weekly/biweekly raffles for large prizes (projector, TV, chest freezer, \$100 gift cards, etc.)

# Overview of the Project

## Timeline:

Feb 19, 2020	Initial Stakeholder Meeting
November, 2020	Survey Content/Scope Revision and Finalization
December 7, 2020	Launch of On-Reservation Survey
March 5, 2021	Survey Closeout
March 29, 2021	Census Challenge Submission

# Overview of the Project: IHBG Funding

- RCCHA Received \$1,111,310 in IHBG funding in 2021
  - \$953,489 – FCAS Portion (before deductions)
  - \$169,062 – Needs Portion (before deductions)
- FCAS Portion
  - Determined by the number of Formula Current Assisted Stock (117 Low Rent units)
  - Will not change due to a Census Challenge
- Needs Portion
  - Uses a formula to determine the allocation based on seven variables
  - Uses aged decennial census data for population of AIANs
  - Uses American Community Survey (ACS) data for six other variables based on income, overcrowding in units, incomplete kitchen or plumbing, housing cost burden, or “housing shortage”
  - ACS data rely on very small samples that have a high degree error on small reservations due to sampling methods
  - A “Census Challenge” allows a tribe to collect and challenge need-based data

# Survey Results

# Survey Response

- Of 575 Units on reservation, 465 were determined to be occupied
  - Of the 110 unworkable cases:
    - 6 points were not tied to a specific existing unit (duplicate points, or mobile homes that had been moved)
    - 3 points were non-residential units
    - 14 units were declared uninhabitable and vacant
    - 34 units were vacant because they are primarily used as seasonal summer homes
    - 53 additional units were vacant for other reasons (being used for storage, for rent or sale, unknown, or potentially needing repairs or remediation/boarded up)
- 404 households responded to the survey
  - 87% response rate
  - 1,217 residents' information was collected in the survey

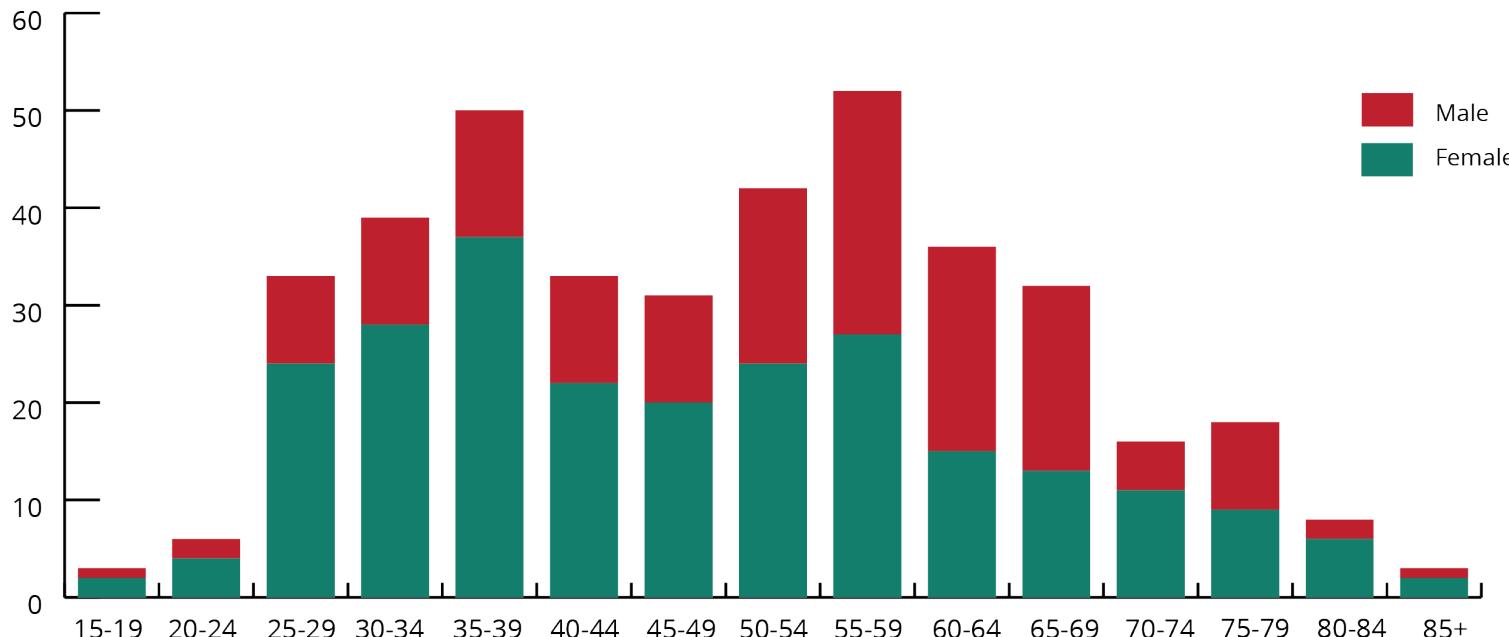

# Census Challenge Results

Needs Variable	Weight (%)	2021 IHBG Formula Data, Single-Race	Census Challenge Results (Single-Race AIAN)	% Change from 2021 Formula Data	2021 IHBG Formula Data, Multi-Race	Census Challenge Results (Multi-Race AIAN)	% Change from 2021 Formula Data
AIAN persons	11	1,073	743	(30.76%)	1,085	1,274	17.42%
AIAN households with income less than 30% of Formula Median Income	13	65	100	53.85%	69	170	146.38%
AIAN households with income between 30% and 50% of Formula Median Income	7	70	47	(32.86%)	70	74	5.71%
AIAN households with income between 50% and 80% of Formula Median Income	7	55	58	5.45%	59	92	55.93%
AIAN households that are over-crowded (more than 1.01 persons per room) and/or without complete kitchen or plumbing	25	25	53	112.00%	25	76	204.00%
AIAN households with housing cost burden greater than 50% of formula annual income	22	15	28	86.67%	15	50	233.33%
AIAN households with a formula annual income up to 80% of formula median income less the number of Current Assisted Stock	15	73	88	20.55%	81	219	170.37%

# Respondent Characteristics

## Respondent Age and Gender

- 60.5% of respondents are female (53% of adults are female)
- Median respondent age is 50 (median adult is 44)

# Demographics Overview

- 90.9% of people in responding households are AIAN
- 7.0% of adults served in the US Armed Forces, Reserves or National Guard
- 34.3% of individuals in responding households were children (under 18 years of age)
- 21.0% of individuals in responding households were elders (55 and over)

# Demographics – Population and Race

Compared to ACS Data:

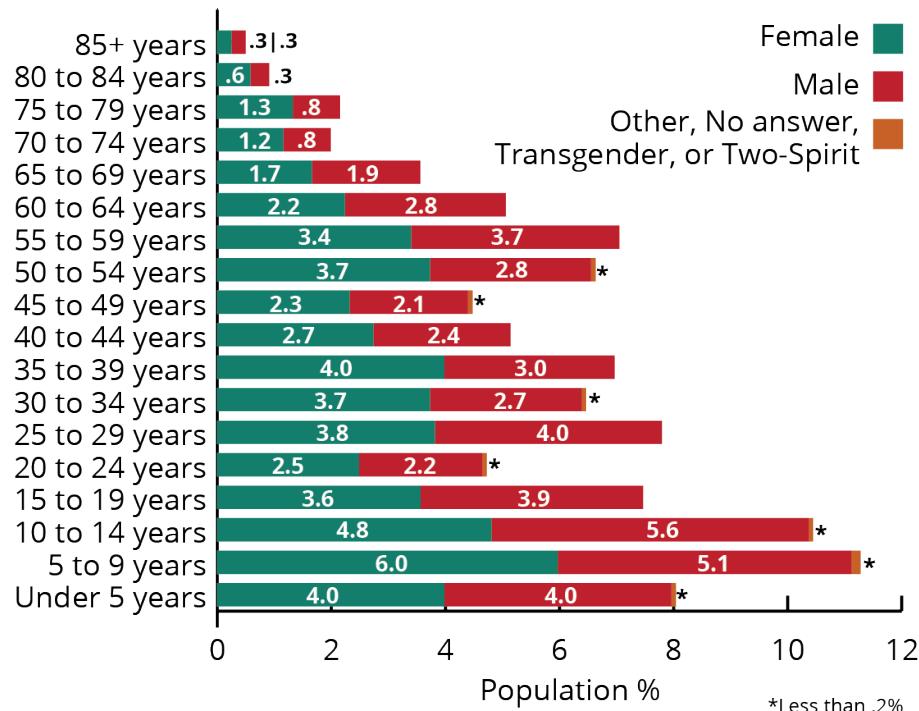

- Overall higher population in this survey
  - Due to higher average number of household occupants
- Fewer Single-Race AIAN compared to Census data, but more AIAN in combination with other races

	Red Cliff Housing Needs Assessment		ACS 2019*	
	Number	Percentage	Number*	Percentage*
<b>Total Population</b>	1,401	-	1,283	-
<b>Female</b>	726	51.8%	678	52.8%
<b>Male</b>	675	48.2%	605	47.2%
<b>Single-race AIAN</b>	743	53.0%	1,048	81.7%
<b>AIAN alone or in combination with one or more other races</b>	1,274	90.9%	1,081	84.3%

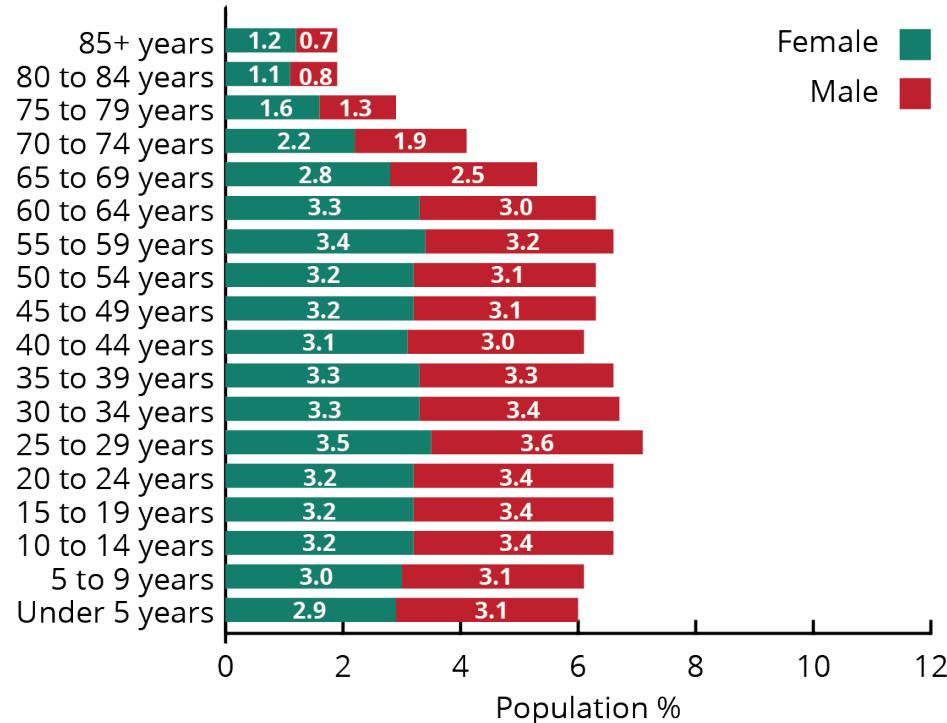

\*ACS 2019 5-year estimates

# Demographics – Age and Gender

## Red Cliff Indian Reservation

## US

Female

Male

# Demographics – Age and Gender

- Sex ratio skews towards female – 93.1 males per 100 females
- Lower median age—many children
- High age dependency ratio indicates lower potential economic output
  - Ratio of those who are not of typical working age to those who are of a typical working age (ages 18 to 64)
- Age dependency ratio driven by high child dependency ratio
- Low old age dependency ratio
  - Fewer elders on reservation compared to the rest of the US and Wisconsin

	Red Cliff 2021 Needs Assessment	Red Cliff ACS Data*	Wisconsin*	United States*
Sex/Gender ratio (males per 100 females)	93.1	89.2	98.9	97.0
Median Age	30.0	31.5	39.5	38.1
Child Age Dependency Ratio	60.9	45.6	36.0	36.6
Old Age Dependency Ratio	16.0	17.8	26.8	25.3
Age Dependency Ratio	77.0	63.4	62.8	62.0

\*ACS 2019 5-year estimates

# Household Income

	Red Cliff 2021 Needs Assessment	Wisconsin*	United States*
Median Income	\$28,003	\$61,747	\$65,712
Mean Income	\$34,560	\$80,674	\$92,324

\*ACS 2019 5-year estimates

- 76.2% households are considered “Low Income” based on HUD Standards (80% AMI)
- 38.0% households are considered “Extremely Low Income” based on HUD standards (30% AMI)
- 42.4% households are at or below the federal poverty level (FPL)

# Income

## Annual Household Income Comparison

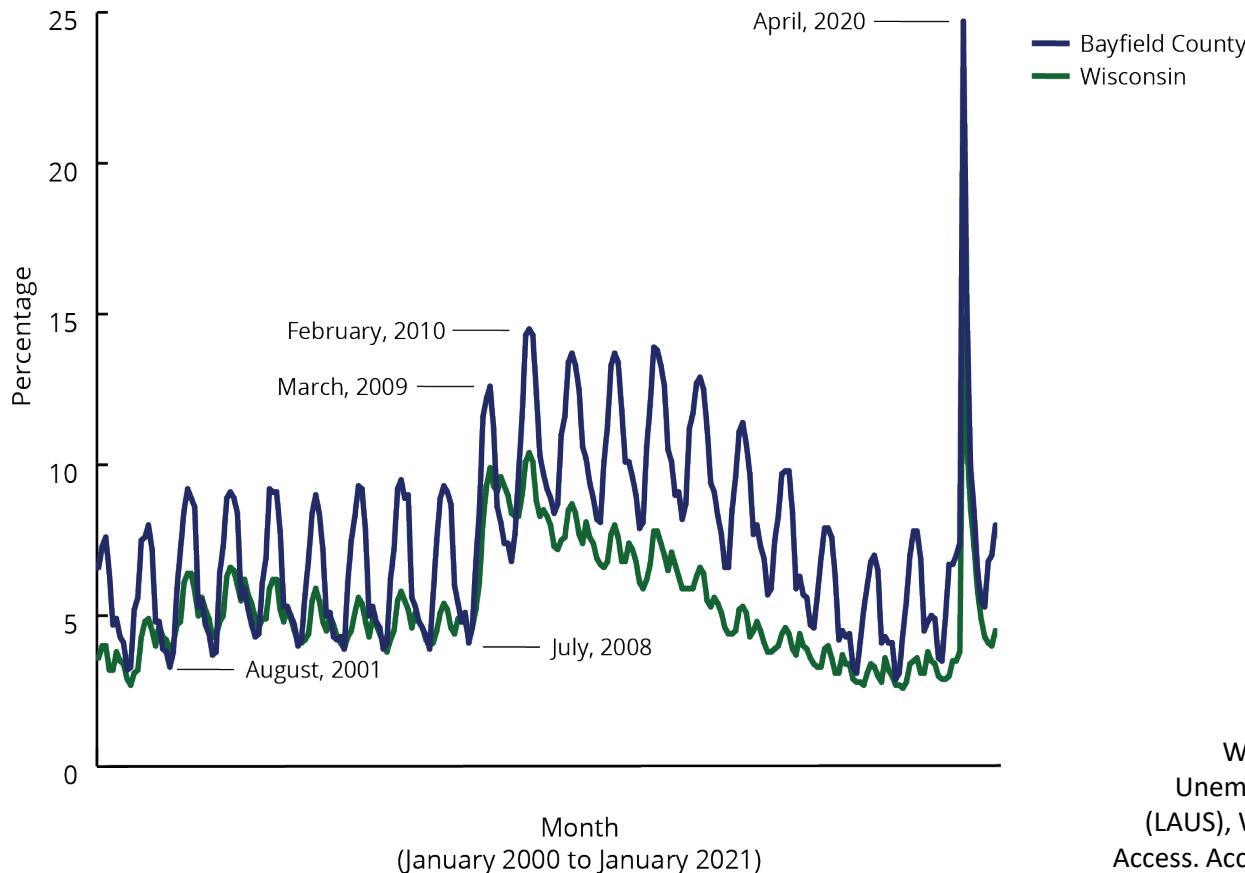

# Employment Status

Response	Responses (Percentage)
<b>Permanent Full-Time</b>	<b>276 (34.6%)</b>
Permanent Part-Time	38 (4.8%)
Temporary Full-Time	15 (1.9%)
Temporary Part-Time	21 (2.6%)
Seasonal Full-time	59 (7.4%)
Seasonal Part-time	21 (2.6%)
Self-Employed	20 (2.5%)
Student	9 (1.1%)
Stay-At-Home Caregiver	5 (0.6%)
<b>Unemployed</b>	<b>192 (24.1%)</b>
Retired	108 (13.6%)
Disabled	87 (10.9%)

93.5% of those employed with seasonal jobs are employed during the **summer** months

Only 22.1% that have seasonal employment work in the **winter** months

# Unemployment in Bayfield County

# Top Barriers to Employment

Response	Responses (Percentage)
None/Not Seeking/No barrier	125 (31.7%)
<b>Lack of childcare</b>	<b>97 (24.6%)</b>
<b>Few/no available entry-level jobs</b>	<b>82 (20.8%)</b>
<b>Family responsibilities</b>	<b>66 (16.8%)</b>
Physical Disability	54 (13.7%)
Lack of education/job skills/ experience	53 (13.5%)
Lack of job training opportunities	48 (12.2%)
Few/no available jobs for skilled workers or professionals	47 (11.9%)
Limited transportation	43 (10.9%)
Lack of housing	35 (8.9%)
Health conditions	34 (8.6%)
Mental Disability	31 (7.9%)
Criminal record	23 (5.8%)
Drug testing requirements	21 (5.3%)

54% of **single-adult households** with children said “Lack of Childcare” was a top barrier to employment

# Housing

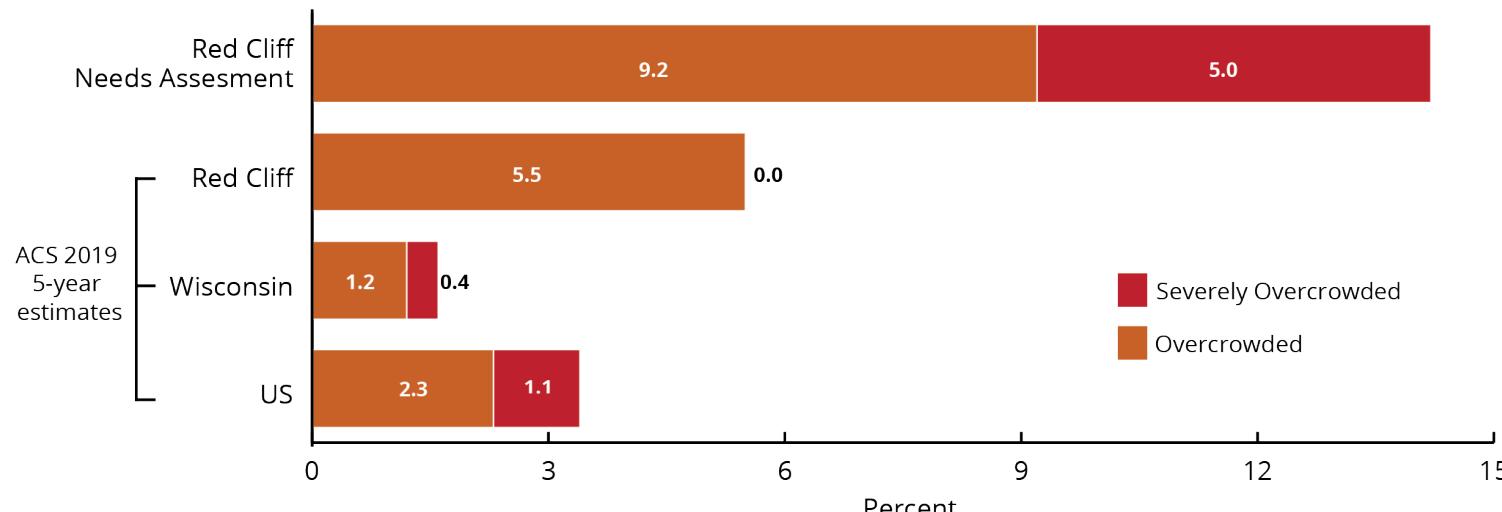

- 465 occupied housing units on reservation
  - 52.2% renters, 43.8% homeowners, 4.0% occupy without payment of rent
- Severe housing shortage on the Red Cliff Indian Reservation
  - High rates of overcrowding in homes
    - An “overcrowded” household has more than 1.0 persons per room, including kitchens but not counting bathrooms.
  - Large average household size
    - 3.01 occupants per household vs. 2.49 in the US
  - Many temporary residents:
    - 82 adults and 24 children temporarily live in 59 different households

# Housing

- Some households experience substandard conditions
  - 3.2% of households lack complete kitchen or plumbing
- Cost burden
  - 10.8% severely cost-burdened (pay more than 50% income on housing)
- High interest in homeownership
  - 46.8% interested in buying or renting-to-own a new home

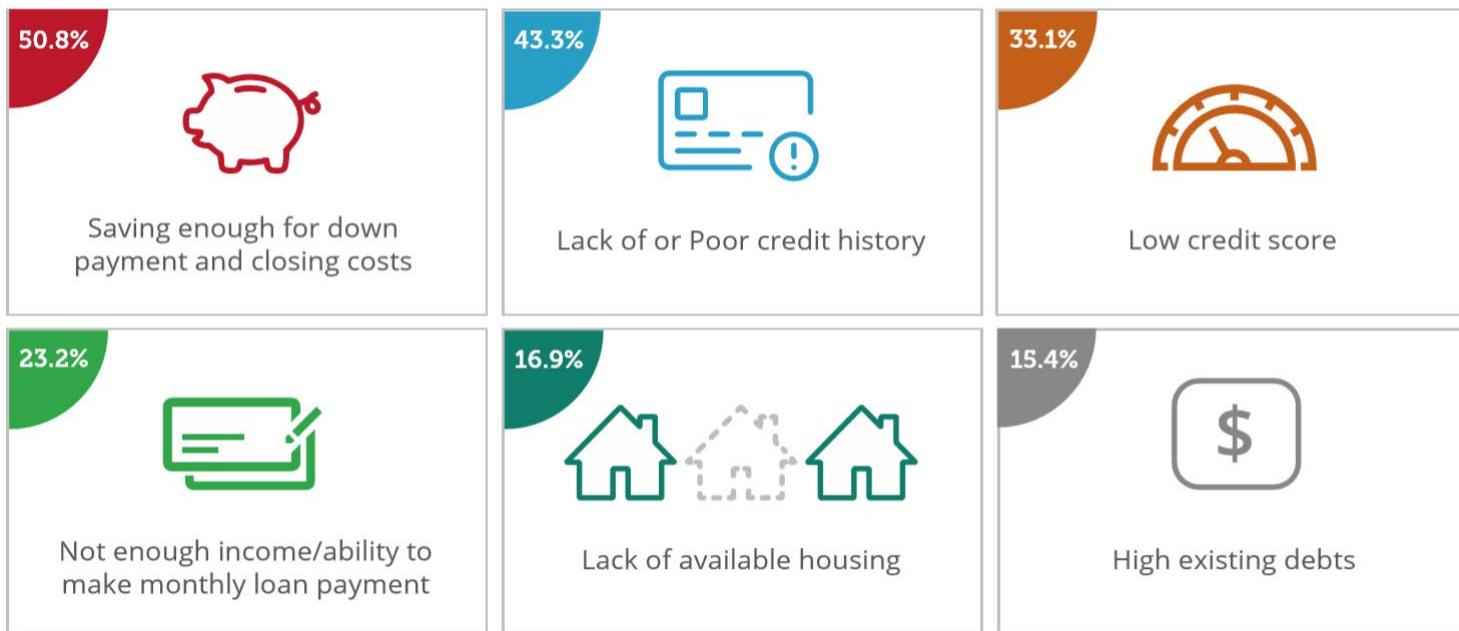

# Housing – Overcrowding

## Overcrowding Comparison

Total responses | 404

# Top Barriers to Homeownership (Choose top 3)

Other barriers that 5% or more selected:

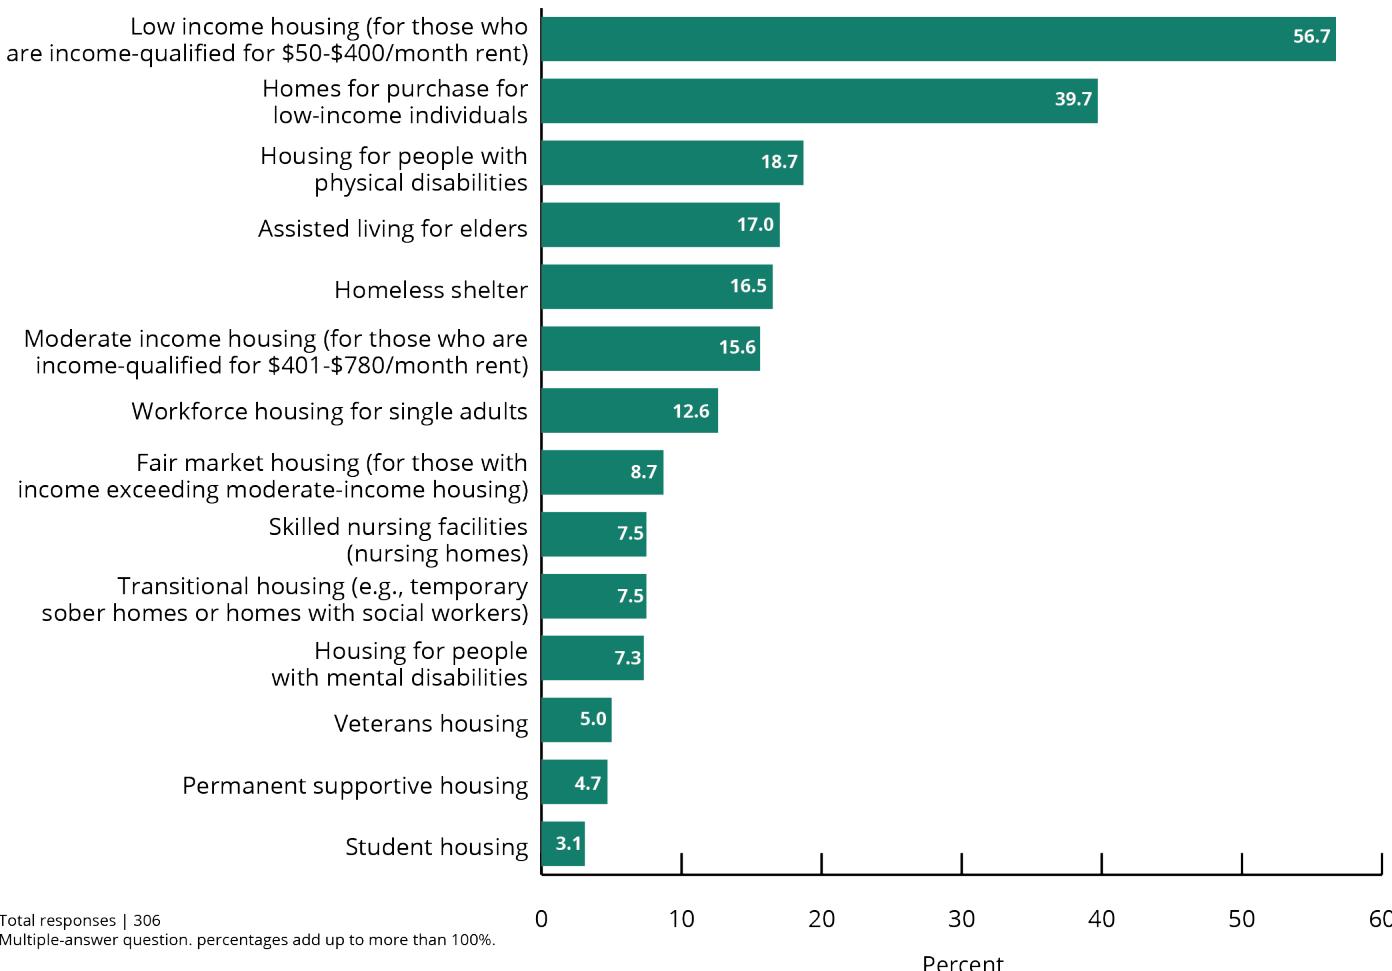

- Lack of Information or understanding about the home buying process
- Too many administrative hurdles
- High cost (money/Time) of maintenance and repairs
- Lack of access to bank or lending institution
- Cost of Infrastructure
- Lack of available land
- Inability to get lease/lot in desired location
- Lack of infrastructure

# Housing Costs as Percentage of Income

	Red Cliff Reservation			U.S.*		
Costs	Renters	Homeowners With Mortgage	Homeowners Without Mortgage	Renters	Homeowners With Mortgage	Homeowners Without Mortgage
Less than 10.0 percent	9.1%	15.9%	51.1%	4.1%		44.9%
10.0 to 14.9 percent	19.1%	29.5%	16%	9%	45.9% (0-20%)	19.4%
15.0 to 19.9 percent	16.3%	22.7%	12.2%	12.9%		11.1%
20.0 to 24.9 percent	14.8%	11.4%	3.1%	12.9%	15.7%	6.7%
25.0 to 29.9 percent	13.4%	0%	5.3%	11.6%	10.5%	4.3%
30.0 to 34.9 percent	4.3%	2.3%	3.1%	9.1%	6.9%	2.9%
35.0 to 39.9 percent	4.3%	4.5%	0.8%	6.7%		
40.0 to 49.9 percent	4.8%	6.8%	0.8%	9.1%	20.9% (35%+)	10.6% (35%+)
<b>50.0 percent or more</b>	<b>13.9%</b>	<b>6.8%</b>	<b>7.6%</b>	<b>24.7%</b>		

\*ACS 2019 5-year estimates

## Preferred Types of Additional Housing on the Red Cliff Reservation

# Preferred Housing Type for Purchase

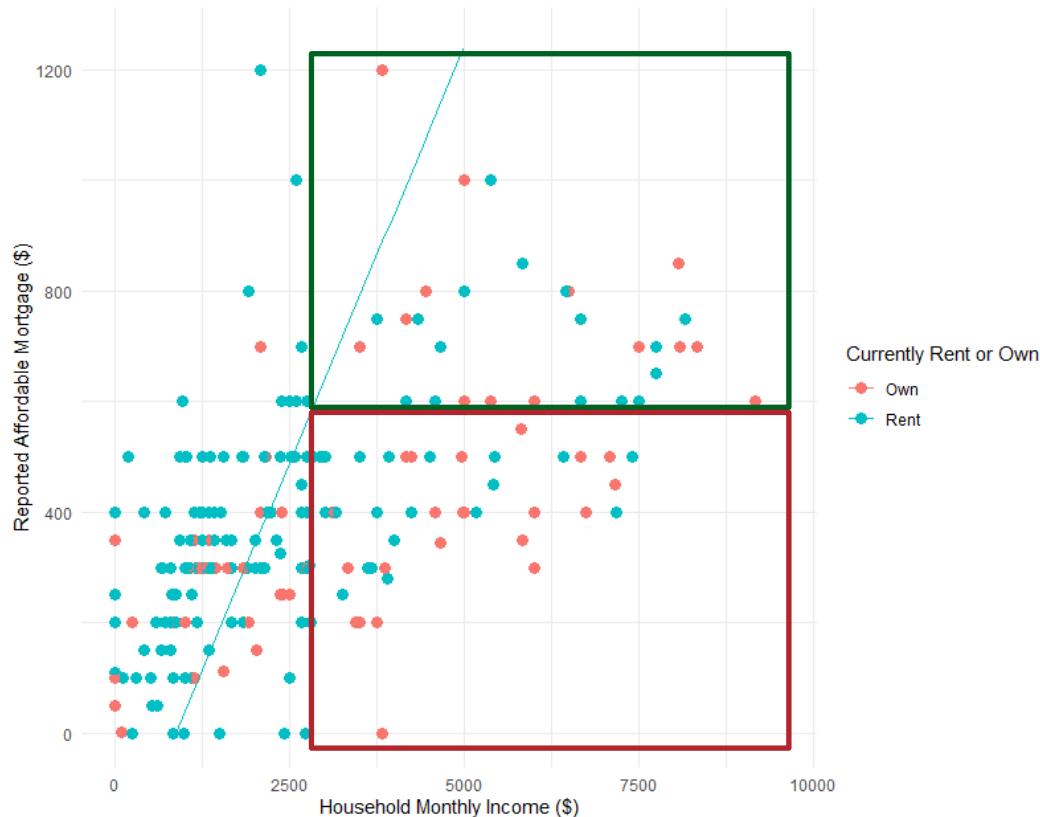

Total responses | 247

## Composition of Housing Units:

- 60.3% Single-family home
- 19.6% Mobile home
- 9.4% Apartment building
- 9.4% Town home / duplex or multi-plex home
- 1.1% RV, trailer, van, or tiny home

# Mortgage and Affordable Mortgage Perceptions

Given:

- Median monthly bills: \$258.33
- 30% Affordability Rule

Household Must earn \$2,861.10 to pay \$600/month mortgage

Two Categories:

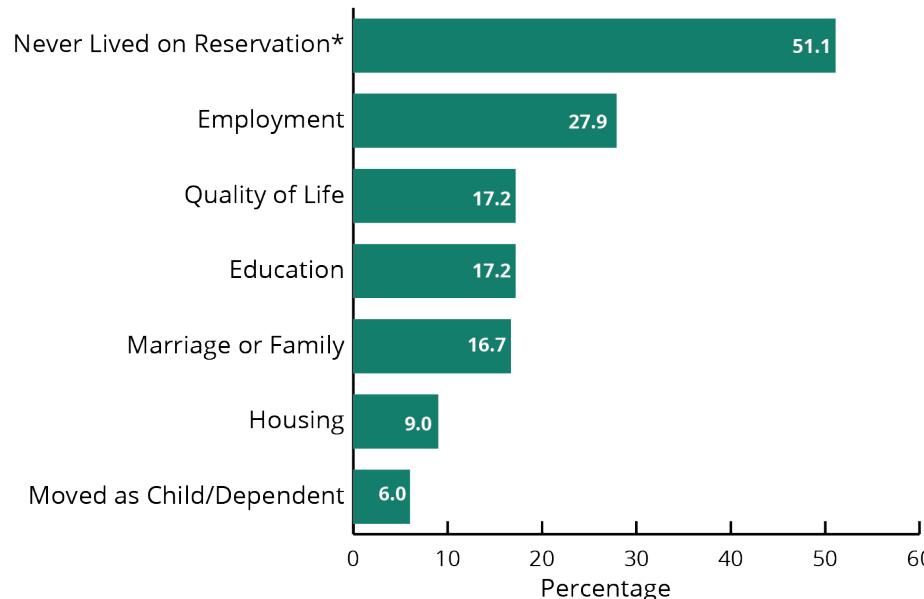

1. Those with enough income and report they can afford \$600/month at a minimum
  - Current renters: 17
  - Current homeowners: 15
2. Those with high enough income for a \$600 mortgage but reported being able to afford a lower amount
  - Current renters: 21
  - Current homeowners: 24

# Off-Reservation Results

- 244 complete responses from off-reservation households
  - 2,474 surveys mailed off-reservation
- Majority (51.1%) never lived on the reservation
- 60.4% are interested or maybe interested in moving back to the Red Cliff Indian Reservation; 87.8% of those interested in returning would want to own a home
- Top barriers to moving back are lack of employment opportunities and housing
- Household incomes were higher than on-reservation (38.1% earn more than \$75k/annually); 68.3% had good or excellent credit

# Off-Reservation Results

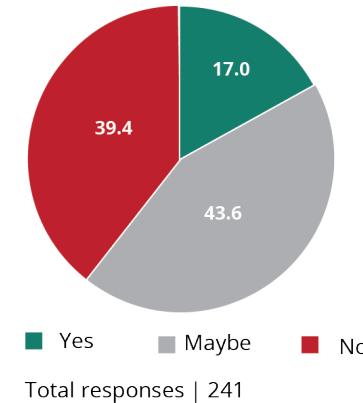

## Why Did They Move From Reservation

Total responses | 243

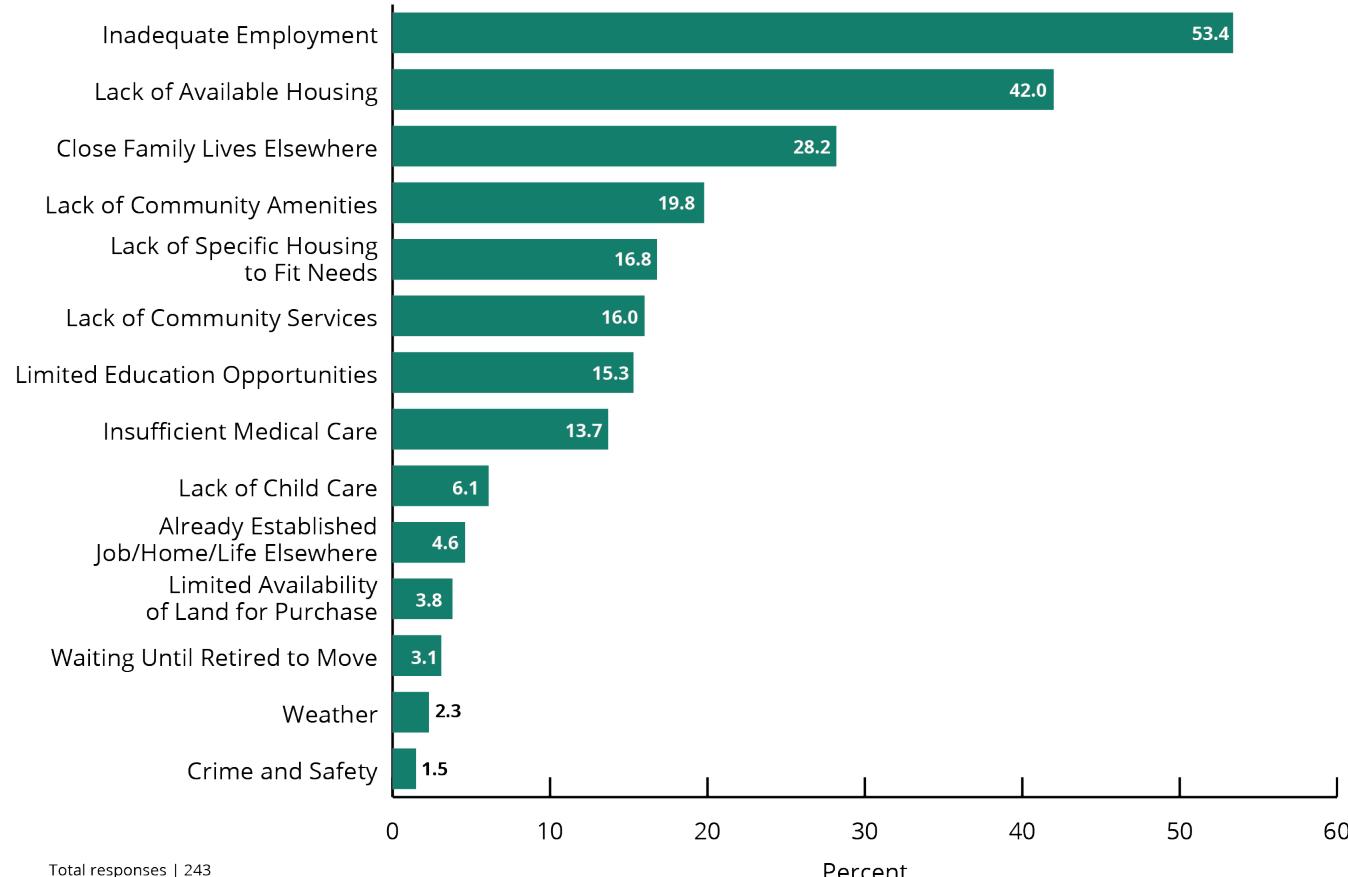

Multiple-answer question, percentages add up to more than 100%.

## Desire to Return to Reservation

- Total of 437 people in 143 households that said "yes" or "maybe" desire to return to reservation (41 households "Yes")

# Barriers to Returning to Reservation

# Off-Reservation Income and Credit Scores

## (Among "Yes" or "Maybe" Interested in Returning to Reservation)

### Household Income

Income	Responses (Percentage)
Less than \$10,000	6 (4.1%)
\$10,000 to \$14,999	7 (4.8%)
\$15,000 to \$24,999	11 (7.5%)
\$25,000 to \$34,999	11 (7.5%)
\$35,000 to \$49,999	29 (19.7%)
\$50,000 to \$74,999	27 (18.4%)
\$75,000 to \$99,999	21 (14.3%)
\$100,000 to \$149,999	19 (12.9%)
\$150,000 to \$199,999	9 (6.1%)
\$200,000 or more	7 (4.8%)
Total	147 (100%)

### Credit Score

Income	Responses (Percentage)
Excellent (780-850)	47 (31.8%)
Good (660-779)	54 (36.5%)
Fair (600-659)	23 (15.5%)
Poor (500-599)	6 (4.1%)
Very Poor (300-499)	2 (1.4%)
No credit	3 (2%)
I don't know	13 (8.8%)
Total	148 (100%)

# Next Steps

# Strategic Planning

- Meeting with Planning Department
  - Determine the structure of the final report to integrate data with strategic planning document
  - Provide essential information to inform strategic planning

# Data Transfer

- In an effort to promote data sovereignty, we ensure the data will be transferred to our clients in a timely manner
- Big Water Consulting will work with RCCHA to find a home for the raw data collected for this project

# IHBG Timeline

- Census Challenge submitted on March 29, 2021
  - HUD Confirmed Receipt same day (prior to deadline)
- HUD will respond before the 2022 allocation
  - In past years, they have responded in December to January
- If/When the data are accepted, they will be used from 2022 to 2027

# BIG WATER CONSULTING

Thank you to Liz Boyd, Cheryl Cloud  
and all Staff who helped!
