

Community Supported Agriculture Shares

We believe that food is medicine and that local food systems have the power to transform our communities and lives. Mino Bimaadiziiwin Farm's Community Supported Agriculture (CSA) Shares Program is one way the Farm distributes food to the Red Cliff community.

Each Tuesday for eighteen weeks (June 21 - October 18th) participants receive a box containing fresh, seasonal items from the Farm.

Boxes are packed with eight to ten different items depending on what's in season at the Farm. In addition to vegetables and herbs, we also include fresh farm eggs, maple syrup, strawberries, apples, apple cider, and other products from the Farm. You can also add a Fish Share to receive frozen or smoked fish (biweekly) through a partnership with the Red Cliff Fish Company.

Below are some just some examples of what you may find in your box.

We believe that everyone deserves access to fresh, healthy food. To increase accessibility of the Farm's CSA Shares, we have created a Sliding Scale payment system.

- **Maada'oonidiwag (they share among each other) Sliding Scale** - Our new sliding scale system encourages participants to reflect and decide for themselves how much they are able to contribute towards the cost of their share, ranging from 0% - 150% of the fair-market value.
- **EBT/SNAP** - We accept EBT/SNAP benefits.
- **Flexible Payment Schedule** - We'll create a payment plan that works for you including an option for payroll deduction or monthly payments.
