

FUNDING OPPORTUNITY

EMERGING INVESTIGATORS

Up to three projects focused on health systems research for children and youth with special health care needs will be funded up to \$15,000 (1-year).

APPLICATION ELIGIBILITY

- Emerging Investigators have completed doctoral-level training and are typically in one of the following groups:
 - Junior faculty, fellows, residents, or early career investigators from any discipline that serves children and youth with special health care needs (CYSHCN); e.g., nurses, social workers, physicians, pharmacists, social scientists, etc.
 - Faculty members no more than 5 years out from completion of all training (fellowship, post-doc, MD, or PhD)
 - More experienced investigators who are new to the field of CYSHCN (with documentation about their change of field)
- Applicants from any U.S. academic institution that serves children and youth with special health care needs may apply. Receipt of applications is encouraged from individuals who are members of an underrepresented minority (URM); disabled; or from a socially, culturally, economically, or educationally disadvantaged background. Exceptions to eligibility will be considered on a case-by-case basis.
- Preference is given to those proposals that have the potential to lead to projects of a larger and longer-term nature.
- A family or youth partner is required.
- Applications will be posted April 10, 2023 at cyshcnnet.org.

**APPLICATIONS ARE DUE ON JUNE 5, 2023 AT 5 P.M. MT
TO CHARLENE.SHELTON@CUANSCHUTZ.EDU**
