

## An Evening with Dr. Michael Thompson

Wednesday, March 19, 7:00-8:30 PM  
In the MPR  
3900 Fabian Way, Palo Alto

### **The Pressured Child: Helping Your Child Find Success in School and Life**

Join Dr. Michael Thompson for an eye-opening presentation designed for parents navigating the pressures of schooling. Drawing from his book, *The Pressured Child*, Dr. Thompson shares insights from more than 40 years working with independent schools including research shadowing students in independent and public schools, uncovering the psychological journeys our children experience.

Learn how kids seek connection, recognition, and a sense of power, and discover the strategies they use to cope with success, struggle, or despair. Through compelling stories and practical advice, this talk offers a fresh perspective on supporting your child's development in school and life.

Perfect for parents and educators who want to better understand and guide their students through the challenges of education. JOIN US! ADMISSION IS FREE
