

GET OUT & GET INVOLVED!

An hour makes a HUGE DIFFERENCE!

If you're looking for a flexible way to make a difference in your community and others lives, visit our Habitat for Humanity ReStore for Volunteer Opportunities.

I started volunteering here at Habitat for Humanity about 8 months ago . I have truly enjoyed my experience here. I volunteer because after retiring from working 25 years I thought maybe I would contribute something else to society. The people here are very friendly and warm. —Patricia Grant, volunteer since 2016

BECOME A VOLUNTEER

The Flexibility is wonderful! It's the biggest selling point. Set your own schedule & stay however you'd like. I enjoy the people that I work around, especially being around different people.

—Barbra Shannon, volunteer since 2015
