

# FUTURE FIGHTER CAPABILITY PROJECT

REQUEST FOR INFORMATION (RFI) – REF No.: 2020-011

**SUBMISSION TO:**  
Peraton Canada Corp.  
6732 8<sup>th</sup> Street N.E.  
Calgary, Alberta T2E 8M4

**ELECTRONIC SUBMISSION DUE:**  
31 March 2020  
[Canada@peraton.com](mailto:Canada@peraton.com)

This is not a bid solicitation. This RFI will not result in the award of any contract. As a result, potential suppliers of any goods or services described in this RFI should not reserve stock or facilities, nor allocate resources as a result of any information contained in this RFI. The procurement of any goods or services described in this RFI will not necessarily follow this RFI. This RFI is simply intended to solicit feedback from industry with respect to matters described in this RFI and identify potential sources of supply for future work. All costs associated with any response to this RFI is entirely to be borne by the respondent.

## **Request for Information (RFI) – Future Fighter Capability Project (FFCP) for Peraton Canada Corp. (Peraton)**

### **BACKGROUND**

Peraton is Canada's only prime contractor for avionic in-service support on a fighter platform. As a result, Peraton has been chosen as a Tier 1 partner by multiple FFCP bidders to support their efforts to secure the contract for Canada's next generation of fighter aircraft. As part of its potential workshare, Peraton is issuing this RFI to identify capable companies interested in undertaking build-to-print production of avionic components in support of the FFCP.

The main objectives of this RFI are as follows:

- a) Identify and determine the capability of potential suppliers to provide build-to-print production and manufacture of avionic components
- b) Identify and determine the potential for Industrial and Technological Benefits resulting from any future work

### **FORMAT OF RESPONSES**

To be considered complete, responses must answer questions posed in Sections 1.0 through 5.0 on page 2 of this RFI. Responses should be submitted in Portable Document Format (.pdf) and not exceed a total of ten (10) pages.

### **ENQUIRIES**

Enquiries can be submitted by email to [Canada@peraton.com](mailto:Canada@peraton.com).

### **EVALUATION OF RESPONSES**

Responses will be evaluated to identify potential suppliers with the requisite capabilities to undertake potential future work. Those suppliers may be selected to receive a future Request for Quote (RFQ).

### **SCHEDULE**

All responses to this RFI are to be submitted electronically by email to [Canada@peraton.com](mailto:Canada@peraton.com) by 31 March 2020.

The release date for any potential RFQ has not yet been determined.

## 1.0 QUESTION #1 TO INDUSTRY

Please provide a general company overview, detailing as a minimum:

- Company Name
- Company Address (include address of all locations in Canada)
- Number of employees in Canada
- Key Leadership and Points of Contact for the purpose of this RFI

## 2.0 QUESTION #2 TO INDUSTRY

Please provide a detailed description of your experience in producing avionic equipment for military and/or commercial aerospace platforms.

## 3.0 QUESTION #3 TO INDUSTRY

Please describe your capabilities in regard to the production of circuit board assemblies.

## 4.0 QUESTION #4 TO INDUSTRY

Please provide a description of your build-to-print experience in producing avionic equipment for military and/or commercial aerospace platforms.

## 5.0 QUESTIONNAIRE FOR INDUSTRY

Please complete the Table below.
