COLLEGIATE & RELEVANT TEACHING EXPERIENCE

Michigan State University

Department of Interdisciplinary Studies, Teaching Assistant, 2017; 2018□

- War and Revolution – This course examines genocide as a criminological issue, using literature from social science disciplines to understand the crime of genocide at both the macro- (social) and micro- (individual) levels.
- Senior Seminar on Genocide - This course combines students from anthropology, economics, geography, history, political science, psychology, and sociology in an interdisciplinary course on the study of Genocide. This course meets the University's Tier II writing requirement.

Liberty Hyde Bailey Scholars, Co-Convener, 2013; 2015; 2017-2018

- Connected Learning Transitions – This course combines students' learning journeys and development into a Project Based Learning semester-long project consisting of a real-world and community-based problem that needs to be addressed in a creative and authentic way.
- Integrated Learning Transitions - This course works with senior undergraduate students and helps them synthesize and analyze structured experiences around personal and interpersonal development, professional integrity, communication competence, critical and reflective thinking
- Pathways in Connected Learning - This course focuses on active, self-directed, and reflective learning, self and social development, and ethical choice making

Green River Community College

Department of Business Administration, 2005-2011

- Introduction to Law and Commerce, (27 sections; 19 sections online via Blackboard/Angel) – This course focuses on teaching legal concepts and analytical thinking relevant to business practices, including torts, contracts, criminal, and constitutional law
- Business Law, (6 sections; 2 sections online via Blackboard/Angel) – This course focuses on advanced legal concepts with an emphasis on contract law
- Legal Ethics – This course focuses on the ethics paralegals have in their work in law offices; primary responsibility for curriculum development
- Legal Research and Writing – This course focuses on teaching students the proper formatting for legal memos and briefs as well as legal research methods; primary responsibility for curriculum development
- Legal Evidence – This course focuses on evidentiary rules for litigation; primary responsibility for curriculum development
- Fundamentals of Litigation 1 – This course focuses on civil and criminal litigation rules, procedures, and writing; primary responsibility for curriculum development
- Fundamentals of Litigation 2 – This course focuses on advanced rules around civil and criminal litigation and working in a litigation firm; primary responsibility for curriculum development

Department of Criminal Justice, 2005-2006

- Introduction to Criminal Justice – (2 sections) - This course focuses on introductory criminal justice and criminal law concepts, careers, writing, and presentations
