

# Florida Association News

Florida Associations' online resource for news, legal updates, events and education!

**Florida Association News (FAN)** is THE online resource for thousands of board members, CAMs, owners and service providers in the HOA and Condo industry. It includes the latest thoughts from the brightest minds on Community Association Management topics in Florida.

Every day, new issues emerge that impact community associations. FAN makes it easy for board members to stay educated on all the latest news and legislation affecting Florida community associations. Don't rely on one magazine, radio show or legal blog to stay on top of the latest news. FAN brings it all together for you in one place.

FAN's online resource includes:

**FAN Blog** – Daily blog posts that examine a wide variety of topics, including hurricane preparedness, tips for roof repairs, understanding terms associated with community associations (Word of the Week), reserves, steps to an effective board meeting and so much more! **ReadFAN.org**

**FAN Monthly Newsletter** - This is distributed via email on the first Thursday of each month. The newsletter includes information regarding upcoming events for community associations, a featured blog post and several other articles from industry sources, including lawyers who specialize in community associations. **GetFAN.org**

**FAN Search** – The search engine for board members, CAMs, owners and service providers in HOAs and condos. Some call it Google for community associations. This tool helps board members find answers to any questions they may have regarding the community association industry; only sources relevant to Florida community associations will come up when searching in FAN Search. To get your questions answered, go to **SearchFAN.org**.
