"Social distancing, also called "physical distancing," means keeping space between yourself and other people outside of your home. To practice social distancing: stay at least 6 feet from other people, do not gather in groups, stay out of crowded places and avoid mass gatherings. Social Distancing is one of the most important and hardest parts of our active lives right now. How are you #ALLIN by practicing social distancing?"

"Visit our Resources page to see how we are ALL IN to combat COVID-19! If we are ALL IN together, we can beat this! #BeAllIn"

The outbreak of the Coronavirus has challenged each of us. At Dominium we are viewing this much the way previous generations viewed war—a solemn experience that requires a change in everyday behaviors, some level of sacrifice and, at its core, a fundamental belief that our collective actions are key to winning.

We are 100% "ALL IN" and are incredibly thankful and humbled that what we provide—homes—are so central to the ability to win this war. We've always had an appreciation of the value of "home" but never to the level we do today. We are committed to double down on our promise that
