OR

Wednesday
February 10, 2021
Divots Conference Center
4200 W Norfolk Ave
Norfolk, NE 68701
(402) 371-4520

WHY ATTEND?
TRAINING REQUIREMENTS

Each hazmat employer must: train and test, certify, develop and retain records of current training (inclusive of preceding three years) for each hazmat employee (during the period of employment and 90 days thereafter).

ARE YOU IN COMPLIANCE WITH DOT HAZMAT REQUIREMENTS?

The 2021 NH_3 Safety Training has been designed to meet the requirements under DOT Title 49, CFR 172.704, Hazmat Training for NH_3.

WHO SHOULD ATTEND?

HAZMAT employee means a person who is employed by a hazmat employer and directly affects hazmat transportation safety including an owner-operator of a motor vehicle which transports hazmat; a person (including a self-employed person) who:

- is a driver of a HazMat loaded vehicle (includes towing)
- loads a vehicle for transportation with HazMat material
- repairs a vehicle used for transporting HazMat material (to include on-road repairs)
- oversees the transportation of HazMat load
- prepares the paperwork required in completing the load of HazMat materials, OR, and most important, is the manager of the facility overseeing any of the above listed personnel and who directly affects the hazardous materials transportation safely.

Registrations for online attendance or in-person attendance is available. In-Person attendance is limited to 25 persons per location.

Links to the online Zoom meeting will be emailed.

MEET YOUR INSTRUCTOR

Mike Wollner has over twenty-five years experience as a Loss Control Representative. Mike began his career as a fertilizer plant & grain elevator manager in Iowa in 1967. He eventually moved into the area of safety and compliance.

Mike has always been willing to share his knowledge with the Association. He has served on a number of task forces on behalf of the Association and provided his expertise on federal regulations that impact our members.

Currently Mike is the Nebraska Agri-Business Association representative to the Small Business Administration stakeholder group that reviews proposed agency regulations. It has been invaluable to have Mike represent the interests of our members on regulatory issues involving the Environment Protection Agency and the Occupational Safety and Health Administration.
