

Thomasville Kids Sale

Fall & Winter Sale

September 9-17, 2026

IMPORTANT UPDATES:

We no longer accept household decor and goods. Only decor items for infant, children/teen's bedrooms are accepted.

We no longer sort unsold/non-donated items for consigners prior to consigner pickup.

Consigners locate and pull their own unsold/non-donated items and complete a "checkout" process at consigner pickup. **We encourage you to 1) price your items competitively, 2) choose the Discount: YES option for 50% off days, and 3) consider donating unsold items!** Any items not picked up on time at end of sale will be donated. TKS is not liable for lost, stolen, missing, overlooked or forgotten items. We have to clear the building, and we cannot store or hold items for consigners.

Consigner Payout is sent via Direct Deposit 10 business days after close of sale. If you signed up and received payout via direct deposit at previous sales, you do not have to do anything unless your banking information has changed. Your info will stay in place for all future sales unless you request a change. If you have not previously signed up for direct deposit: Text Wendy at (229) 224-4598 (INCLUDE YOUR NAME) to request a secure sign-up link where you will sign up for direct deposit payout through a secure link directly from Thomasville National Bank – no forms to return or voided checks required. If you do not complete Direct Deposit registration before Consigner Drop Off day, your consigner proceeds will be sent to the PayPal email address used at registration, less a fee of 3% of the payment amount. This 3% fee will automatically be deducted from your proceeds.

Tagging your items:

***Sort your items** by size and gender before you start tagging - you'll save time with fewer fields to change

***Hang clothes** with hanger hook faces the left (like a ?) when looking at the front of clothing items

***Secure clothes** like pants, shorts, and skirts to hangers with safety pins at the top part of the hanger to keep item from sliding.

***Secure items** like shoes by rubber-banding together or placed in a ziplock bag with tag taped to bag. Shoes must be washed and/or in excellent condition!!

***Use ziplock bags & heaving packing tape** to keep toys secure- lots of little (destructive) hands in this section!

***Enter items** in your account under the Enter Items tab. Enter all items by system close deadline listed on schedule of events below. The system will close at that date and time, and you can still print tags but not add items to inventory.

***Discount items** - Items marked discount will sell for 50% off during the Half Price sale. Any item \$5 or under should always be discount: yes. Unsold items tagged “no discount” will be sorted and grouped by consigner number for consigner pickup if time permits, but not guaranteed. Unsold items tagged “discount yes” will be sorted and grouped by consigner number as usual. Most consigners who discount everything nearly double their profit!

***Donate** items unsold at the end of the sale will be donated to several local nonprofit organizations- they are much needed and appreciated! Donation partners include: First Option Care, Never Lost, Thomas County Food Bank & Outreach Center, Sanders & Co Charity, & local school systems. Contact Wendy to inquire about adding your organization to the list of donation partners! (Include your name)

***Type detailed descriptions** for each tag. This allows us to match tags to items if they get separated from the item.

***Price items** 25%-30% of retail cost- lower for basic brands, higher for NWT & best brands. Setting the price a little lower brings higher profit! You want to ensure your item sells when there are 3 identical ones!

***Juniors clothing-** 25 item limit.

***Children’s clothing sizes 4-16:** List category “Boy Clothing” or “Girl Clothing” and list numerical size

***Print tags:** Log into YOUR account (if it asks for print code, make sure you are at the correct website and browser ends with .com/thomasvillekidssale) > select Print Tags tab > Select Tag Status "not generated > refresh > select all tags you want to print > Generate tags > Print PDF.
