What is it?

At this event, Lely, Immokalee, and Palmetto Ridge High School Construction & Carpentry Academy students along with Engineering Academy Students and students seeking trades and skills job opportunities in the county, will visit display booths to discuss opportunities with local businesses. The students will also participate in hands-on demonstrations with a variety of different professionally skilled personnel within these businesses. Participating students will range in grade levels 10 through 12. Some juniors and seniors may be immediately available for On the Job Training (OJT), Internships (summer) or employment (if they are graduating this May).
