Process Improvement

# A Glance at Electronic Plan Review (EPR)

● Paper

● Electronic

Building Applications

# Paperless Permit Project

- Moving towards 100% electronic plan review (EPR) and submittal.
  - With the onset of the COVID 19 pandemic, building applications are now exceeding 80% electronic submittal
- What are we trying to improve?
  - Streamline business process
    - Dedicating resources to one process.
  - Record Keeping
  - Visibility and Accountability
  - Continuity of business
  - Increase reporting capabilities

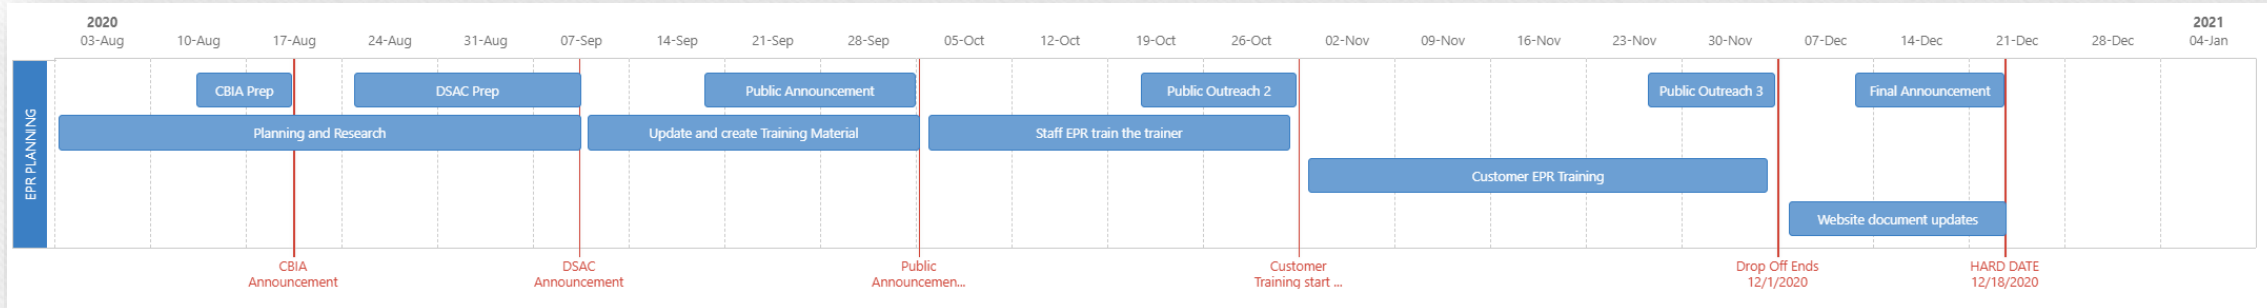

# Paperless Permit Project

What stays business as usual?

- Customer consultations
- Payments
- Records
- Scheduling inspections
- Other existing non-EPR services (Zoning Certifications, Temporary Use Permits, Business Tax Receipts, etc.)

Additional Customer service!

- Front counter EPR portal overview and customer service
- Online EPR training by appointment
- Updated EPR videos and job aids on E-Permitting webpage
