RESOLUTION 15-13719

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF NAPLES, FLORIDA, ESTABLISHING A "COMPLETE STREETS" POLICY IN FURTHERANCE OF THE GOALS, POLICIES AND OBJECTIVES OF THE TRANSPORTATION ELEMENT OF THE CITY'S COMPREHENSIVE PLAN; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the term "complete streets" means roadways planned, designed, and constructed to provide access to all users in a manner that promotes safe efficient movement of people and goods, whether by car, truck, transit, assistive device, foot, or bicycle; and

WHEREAS, City Council desires Naples to be a livable "walkable" community that is pedestrian friendly, with interconnecting sidewalks, pathways, and public transit systems accessing all neighborhoods, through a complete streets policy, to improve access; and

WHEREAS, complete streets is a flexible, context sensitive, multi-modal approach that implements safe and convenient access for transportation users of all ages and disabilities, including pedestrians, bicyclists, transit riders, and motor vehicle drivers; and

WHEREAS, increasing active transportation (walking, bicycling and mass transit) makes Naples a livable green community through the catalytic events from the integration of land use and planning functions: 1. Reduces reliance on fossil fuels; 2. Helps citizens to save money that empowers the community economically; and 3. Reduces greenhouse emissions which when taken all together, improves air quality, community health, recreational and social activities, community aesthetics, and protection of our natural environment; and

WHEREAS, complete streets enhances safe walking and bicycling options for everyone, including school-age children, in recognition of the national Safe Routes to Schools program; and

WHEREAS, Section 316.027, Florida Statute, as amended, defines and protects the "vulnerable road user"; and

WHEREAS, the Florida Department of Transportation has adopted a complete streets policy; and

WHEREAS, the Collier County Metropolitan Planning Organization (MPO), unanimously adopted the Collier County MPO Comprehensive Pathways Plan; and

WHEREAS, on November 5, 2014, City Council unanimously adopted Resolution 14-13549 supporting the Blue Zones Project, a community-wide well-being improvement initiative;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF NAPLES, FLORIDA:

- Section 1.** That the City Council of the City of Naples hereby establishes a "Complete Streets" policy in furtherance of the goals, policies and objectives of the transportation element of the City's Comprehensive Plan.
- Section 2.** That the City will incorporate a flexible complete streets program into the design, development, construction, operation, maintenance and implementation of policies and programs affecting all City property (including, but not limited to, parks and roadways) to create a connected network of facilities accommodating all users.
- Section 3.** That to the extent practical, the City will incorporate the goals and policies of the complete streets program in any Comprehensive Plan amendments and other applicable plans and ordinances.
- Section 4.** That the City affirms that all road projects should be designed to accommodate all users and that context based pedestrian and bicycle facilities will, where practical, be established in new construction, reconstruction, repaving and rehabilitation. During the review and in the developing of a complete streets program, the City Manager is directed to work with appropriate staff to develop guidance and standards to include the following:
- a. Incorporation of the principles of complete streets into an interdisciplinary, integrative, multimodal transportation program with implementation guidelines.
 - b. Address the needs of all users in the planning, design, construction, maintenance and operations of all street projects.
 - c. Consideration of existing natural systems in the earliest phases of design, planning, and implementation of complete streets using green infrastructure, low impact development techniques, and the use of canopy trees for pedestrian and bicycle pathways, and when practical, transit stops.
 - d. Balance the needs of all transportation modes with community values, fiscal constraint, public safety, environmental protection and historic preservation.
 - e. Develop design solutions that use a context-sensitive approach using the latest and best management practices that connect land use and transportation needs while remaining flexible to the unique circumstances of different streets.
 - f. Encourage staff professional development and training on multi-modal transportation issues.
 - g. Identify current and potential sources of funding for roadway
