GENERAL INFORMATION

The Religious Education program is meant to supplement the Religious formation already happening in the home. Parents are the first and foremost educators of their children.

St. Anthony Parish will assist parents in teaching their children by providing a safe environment to learn and share their faith during these troubled times of COVID.

As a community, we at St. Anthony pledge to provide instruction in the Catholic faith and encourage participation in one of the weekend Masses. Parents, students, and teachers recognize the importance of Religious Education and cooperate to make the most of the student's learning opportunities and faith formation.

WHAT IS RELIGIOUS EDUCATION?

The terms used for the program that teaches young people in the parish about our Catholic faith. This includes preparation for the sacrament of Reconciliation (Confession), Eucharist (Holy Communion), and Confirmation. Religious Education classes are open to all young people in grades K through 13. **The families of these young people MUST pre-register with Phyllis O'Boyle before October 3 in order to prepare staff and lessons.**

GOALS OF ST. ANTHONY'S RELIGIOUS EDUCATION PROGRAM

1. To expose students to basic Catholic Doctrine, Prayer, and Scripture.
 2. To assist in spiritual growth.
 3. To encourage students to live their faith.
 4. To promote the Sacred Tradition, Scripture, and Doctrines of the Catholic Faith in families.
 5. To teach students the Sacraments.
 6. To prepare and encourage students to receive Reconciliation (Confession) and Communion.
 7. To live a life dedicated in service of God, the Parish, and the Community.

Matthew 19:14 (New International Version)

¹⁴Jesus said, "Let the little children come to me, and do not hinder them, for the kingdom of heaven belongs to such as these."

What does that mean to us as a family, community and parish?

For myself, as a mother, I feel it is one of my responsibilities to teach my children about the teachings of Jesus, to teach them how to pray and to lead them through confirmation. As a community member, I feel we need to support schools and churches so that our children can have the same opportunities as we have. As a parish, the education of children is one of our most important missions.

How can I help you as a parent in this mission? Contact me by text, email or phone. This week I am making calls to parents of children ages 5 through 13 on our church register to explain our current religious education program. Things are different during COVID.

If I missed you, please give me a call and leave a message with your contact number.

Religious Education

School has started, and our children are getting back to a new normal. Masks, social distancing, and temperature checks must seem a little frightening to parents. I suspect some children are adjusting better than adults but others are troubled. This is a good time to have a family discussion about faith in Jesus to protect us from stress and fear. That doesn't mean that earthly problems don't affect our lives; it means that we don't have to live in fear—Jesus is always available to us by turning to him in prayer. During times in my life when I have been stressed and fearful I have found great comfort in turning to Jesus in prayer. I may face hard times but I'm not alone. I can lay all of my fears at Jesus' feet. I can leave the fear with him.

"I'm not giving up!" I stubbornly told Father Joseph. "It's too important."

That was my answer when Father Joseph commented that we don't seem to have any parents interested in enrolling their children in confirmation classes this year.

These are difficult times for all of us. Starting in-person classroom instruction is overwhelming for many. Friends and family may have gotten ill. Junior High School seems overwhelming. Knowing that one has the Peace and Love of Jesus protecting and guiding us is such a blessing. I thank God every day for the gift of my faith. That is why I believe we need to consider confirmation as a two year program this year. We will work on the instruction one step at a time, making sure confirmands are comfortable and confident.

I am really looking forward to teaching the classes, and I am excited to meet parents and their 7th and 8th graders. This will be an exciting and spiritual experience for all of us. It is the culmination of all of the years of religious education classes and a passage into the family of St. Anthony's Catholic Church.

Luke 2: 41-51

And every year Jesus' father and mother went to Jerusalem at the time of the Feast of Passover.

And when he became twelve-years-old, they went to Jerusalem, according to their custom. Jesus was separated from them.

After three days they found Jesus in the temple seated among the wise men listening to them and questioning them.

Jesus returned to Nazareth with his parents and he was subordinate to them, and his mother kept all these words in her heart.

Jesus gave many examples of the importance of teaching children about God and Jesus as our shepherd. When Jesus went to the temple with his parents, he already knew scripture and could interpret their meaning. Who taught him? It seems clear to me that Mary and Joseph taught him all that they knew and that religion was a part of their family life. Yes, he was also divinely inspired. I like to imagine Mary with Jesus at her side as she was saying her prayers. What a beautiful image.

Family worship time is so important. I know your time is filled with work, home, work, and daily life, so I would like to help; I'll send home packets during September while we are waiting for Religious Education to start. I hope they are helpful in your daily prayer routine with your children.

Due to concerns about Covid exposure for young children, our Religious Education classes will not start until October 3rd. That doesn't mean we will put our children's religious education on hold because it is so important for children to develop a personal relationship with Jesus. In September, I will send home weekly worship suggestions for each child and a fun activity to reenforce the lesson. Please contact me if you would like to be on my list.

CALL FOR TEACHERS!

I am requesting parents consider assisting with the program by sitting in on the classes occasionally, helping with craft projects, assisting with music during the opening time, and offering other assistance using your skills.

I am still searching for teachers and aides for the classes. I will assist with all classes and offer training, curriculum support, and anything a teacher needs to provide a quality Religious Education Program. Please contact me. Classes will be very small.

"Let the children come to me, and do not prevent them; for the Kingdom of Heaven belongs to such as these." Mathew 19:15.

We are currently asking parents of children in grades kindergarten through eighth grade to consider signing their children into Religious Education classes. The classes will begin September 20th and follow the school district schedule and Covid policies. If you have any questions or concerns, please contact me.

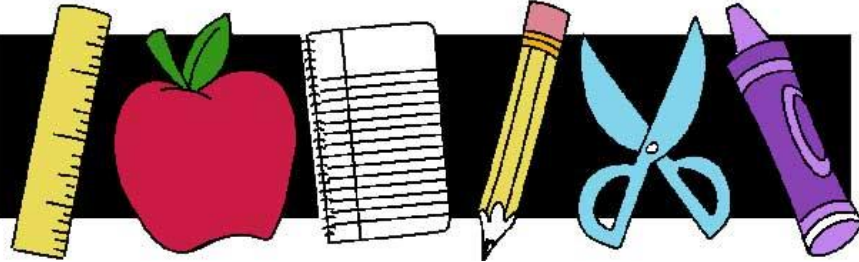

The Catholic Church has an excellent curriculum (The Life of Grace) that we will use. I think parents and students will enjoy this well-developed curriculum. I believe that RE teachers and parents should work as a team, so I am encouraging parents to get involved with the program. We will need two adults in every classroom, so this would be an excellent way parents could sit in on the class as a helper. We will make a great team!

Everything is in place for the RE program...except for students and teachers. Jesus is knocking at the door; please answer the call to come to the table and make this a great year for Religious Education classes and our church's mission to bring the gift of faith to our children. Everyone has something to offer.

Phyllis O'Boyle, Director of Religious Education, phylliswald@aol.com, 541-270-4909 (please text, and I will call you back.)

RELIGIOUS EDUCATION

Welcome to a New Year of Religious Education

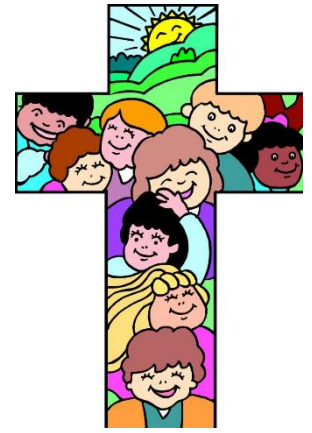

by Phyllis O'Boyle, St. Anthony's Director of Religious Education

I believe the opportunity to develop a relationship with God and a belief that Jesus is our Lord and Savior is the most important gift a parent can give a child. It sets the child up with a support system that will endure for their lifetime. Parents don't always have all the answers to religious questions but if they participate in their children's religious education, they can learn along with their children.

One of my earliest, significant memories is being at the front of the church being baptized at four years old with my parents, my older sister, and my baby sister who cried when she was baptized. My parents made it a priority that their children attend religious education class every **Sunday** and complete Confirmation. I did the same for my children. During the worst times of my life (and there have been many rough times), I never felt alone; I had Jesus by my side. I know my children have that comfort, too, and that comforts me when I can't be with them during rough times.

Peter was a “cradle Catholic”. He went to Catholic school K-12. His parents sacrificed in order for him to do that; they made it a priority. They went to daily mass in Catholic school. He told me he never had those questions many people have about the reality of God. He grew up with it being as much a part of his life as his family. He enjoyed learning about the Saints and was inspired by their stories.

ST ANTHONY'S RELIGIOUS EDUCATION

RELIGIOUS EDUCATION CALENDAR – 2021/2022

OBJECTIVE

To provide education classes and assist parents in education for children in a religious curriculum provided by the Portland Diocese.

It is my belief there is no greater gift a parent can give their child than to provide a quality religious education which gives them the information they need to make a choice to live a Christian lifestyle. A life with Jesus as their Savior. I believe religious education classes are the best way for the Catholic Church to support parents in that mission.

Classes will be held in the parish hall after the 10:00 am Mass on Sundays.

~~SEPTEMBER~~ JUNE

October 3 - First Class

October 3, 10, 17, 24 - class

November 7, 14, 21 - class. (November 27, Thanksgiving Break)
