

The Texas A&M University System Office of Facilities Planning & Construction (FP&C) on behalf of the Board of Regents of The Texas A&M University System (Owner) and Texas A&M University-San Antonio are soliciting statements of qualifications for selection of an Architect/Engineer (A/E) firm for the Student Housing Phase III and Dining project (#25-3444) at Texas A&M University-San Antonio in San Antonio, Texas, in accordance with the terms, conditions, and requirements set forth in this Request for Qualifications (RFQ).

To support the growing student population and enhance on-campus living, Texas A&M University-San Antonio plans to construct a third residence hall, adding 300 additional beds. This new facility, located south of Estrella Hall, will include both residential and dining spaces. The four-story residence hall will be connected to a single-story dining hall, featuring separate entrances but shared mechanical and support spaces. The dining hall will operate as an all-you-care-to-eat facility, providing convenient meal options for students. The residential portion will consist of 60 single units (60 beds), 120 double units (240 beds), and two staff apartments—one large (two-bedroom, two-bath) and one small (one-bedroom, one-bath). To enhance student life, the building will feature two student lounges and two study spaces per floor. Additionally, support and operations spaces will include reception and administrative areas, mail and package facilities, trash collection areas, laundry facilities, and a small maintenance function. The Planning Amount for this project is \$80,000,000.

The Planning Amount includes an Amount Available for Construction Contract (AACC) of \$61,669,592. Fees, furnishings, other work, miscellaneous expenses, and contingencies make up the balance of the Planning Amount.

This RFQ is the first step in the process for selecting an A/E firm. The RFQ provides the information necessary to prepare and submit Qualifications for consideration by the Owner. The Owner may select three (3) or more of the top qualified Respondents to present their qualifications during an interview.
