

Greetings,

Please review the information below and share with your colleagues and professional networks.

The Texas A&M University System Office of Facilities Planning & Construction (FP&C) on behalf of the Board of Regents of The Texas A&M University System (Owner) and Texas A&M University-Texarkana are soliciting statements of qualifications for selection of an Architect/Engineer (A/E) firm for the Athletics Complex project (#22-3439) at Texas A&M University-Texarkana in Texarkana, Texas, in accordance with the terms, conditions, and requirements set forth in this Request for Qualifications (RFQ).

The Texas A&M University-Texarkana Athletics Complex is a two-phase project designed to support the university's transition from NAIA to NCAA Division II by delivering modern, NCAA-compliant baseball, softball, and tennis facilities. Phase 1 will establish foundational elements including VIP parking, a central plaza, and initial baseball and softball stadiums—each with 250 chair-back seats, lighting, and code-compliant restrooms. Phase 2 will complete the complex with expanded seating, press boxes, VIP suites, a donor/concessions building, general parking, eight tennis courts with a viewing deck, and an entry building with campus signage. The complex will be a state-of-the-art facility that enhances campus life, attracts prospective students, and is designed with future growth in mind.

The Planning Amount for this project is \$23,000,000. The Planning Amount includes an Amount Available for Construction Contract (AACC) of \$18,000,000. Fees, furnishings, other work, miscellaneous expenses, and contingencies make up the balance of the Planning Amount.

This RFQ is the first step in the process for selecting an A/E firm. The RFQ provides the information necessary to prepare and submit Qualifications for consideration by the Owner. The Owner may select three (3) or more of the top qualified Respondents to present their qualifications during an interview.

**** The RFQ documents must be accessed and responded to within e-Builder.** The following link provides access to the RFQ package/documents:
