Attention: Icci Gomez - business@hcadfw.org
Company: Hispanic Contractors Association

You have been invited to bid:
Dallas College - MVC Satellite Energy Plant - CD

Bid Due Date: Friday, April 22, 2022 12:00 PM CT
Project Location: 4849 W Illinois Ave, Dallas, TX 75211
Project Start Date:
Contact: Matt Noble

Description:

New 6,000 square foot, double volume conditioned Satellite Energy Plant (SEP) with initial buildout of 500-tons of cooling capacity and 6,000MBH of heating capacity, with the ability to add 2,000 tons of future cooling capacity and 12,000 MBH of heating capacity. 2,000 square feet of flatwork will be required for the adjacent cooling tower yard. Hydronic systems will extend from new SEP to new Nursing building and Welcome center on campus and will integrate into existing campus loop.

Message to Bidders:

Please see the attached Invitation to Bid document. Drawings and other related documents can be downloaded via the "Click Here to View the Project" link below or via the Box FTP Link on the attached Invitation to Bid.

All Bids are due Tuesday April 22nd by 12:00PM CST.

All RFIs are due Tuesday, April 12th at 5:00 PM CST.

Send any questions to Raul Gandarillas (raul.gandarillas@mcgough.com or 214.400.8467) or Matt Noble (matt.noble@mcgough.com or 214.984.9127)

Thank you!
