The project consists of a new 1 story 22,000 SF ARFF Station facility, based on the need to replace the existing substandard ARFF Station 92 facility that will be displaced by future infrastructure development at IAH. The replacement station is designed to include: six apparatus vehicle bays, chemical and equipment storage, watch room, offices, kitchen, training room, ten dormitory rooms, exercise room, locker rooms, emergency generator improvements for on-site wastewater treatment and disposal, staff and visitor parking lot, and an apron area providing access to Runway 9/27 via Taxiway Sierra Golf.

The project is exempt from sales tax.

An 180 day bid validity has been requested from the owner.

Construction start is scheduled for March 2023.

460 day construction duration.

There is a **Disadvantaged Business Enterprise** project goal of 13%.
