Solicitation:

- The Texas A&M University System Office of Facilities Planning & Construction is soliciting proposals for the RELLIS Runway 35R Rehabilitation at the The Texas A&M University System RELLIS Campus in Bryan, Texas. The project will provide an asphalt overlay removal, concrete joint cleaning and sealing, pavement spall repair, pavement panel replacement, panel grinding, asphalt overlay installation, and any other requirements identified by the engineering team to bring the pavement to serviceable condition.

See attached Project Information sheet for information and access the CSP documents.

A Pre-Proposal meeting will begin at 1:30 p.m., on Tuesday, September 7, 2021, in the RELLIS Administration Building, Room 101, 1484 Avenue A, Bryan, Texas 77807. All general contractors planning to submit a proposal are encouraged to attend as well as subcontractors who are interested in the project. Please note that attendance at these meetings are not mandatory but highly encouraged.
