The Texas A&M University System ("A&M System") is seeking proposals for innovative approaches to managing the Student Information Systems (Banner and peripheral modules and applications) of its member universities and agencies ("Member" or "Members"). Examples for potential solutions may include, but are not limited to, managed services models, centers of excellence, and optimized rate cards.

It is the intent of A&M System to establish a master services agreement ("Agreement") with one or more firms (referred to as "Respondent" or "Vendor") to meet the needs of its Members per the requirements listed in Section 3 of the RFP.
