The Texas A&M University System ("A&M System") is seeking proposals from qualified contractors who can provide complete campus wide network fiber and copper build-out services at the RELLIS Campus in Bryan, Texas. The contractor, hereafter referred to as "Contractor" or "Respondent", shall provide all materials, components, tools and labor necessary for the complete audit, locate, build, and restoration of all optical communications work required as specified within Section 3 - Scope of Work.

It is the intent of the A&M System to establish a master services agreement ("Agreement") with one or more Respondents to meet the needs of the RELLIS Campus. The resultant Agreement(s) will be between the selected Respondent(s) and the A&M System. Other universities and agencies of the A&M System (collectively referred to as "Members" and further described below) may utilize at its discretion any Contractor awarded an Agreement as a result of this RFP.

Pre-proposal Conference: A pre-proposal conference is scheduled for Tuesday, August 16, 2022 at 2:30 PM CDT. Attendance is NOT mandatory at this conference, however it is highly encouraged that interested parties attend. Exact location is still to be determined and a notice of this information will be provided as soon as available. There will also be a virtual option provided for those who cannot attend in person. Please send an email of interest to soprocurement@tamus.edu and the notice will be sent to you directly once available.

The following link provides access to the RFP package/documents - *It is the responsibility of all vendors/responders to check this ESBD posting for any updates or addenda related to this Request for Proposal.*
