

INTRODUCTION

In an effort to increase transparency and equity, the City of Dallas has created a quarterly report of upcoming solicitations. It is the City's intention that the Procurement Quarterly will provide advance notice of bidding opportunities, increasing vendor submissions, encouraging M/WBE participation, providing ample time for planning and preparing competitive bids and proposals and increasing accountability.

Procurement Quarterly:

- Provides a 3-month forecast for all upcoming solicitations of goods, services, and construction over \$50,000
- Includes solicitations from all City of Dallas departments
- Provides information on the contract type, description, terms, estimated value and sub-contracting opportunities

Quarterly Report Key

RFB- Request for Bids

A publicly advertised competitive procurement process to obtain sealed bids for goods and services. The RFB does not allow for negotiation of contract terms and is awarded to the lowest responsible bidder.

RFCS- Request for Competitive Sealed Proposals

An alternative publicly advertised competitive procurement process to obtain sealed proposals only for acquisition of high technology items, insurance purchases, and other services. The RFCSP includes formal evaluation criteria, best and final offers, negotiation of contract terms on a confidential, fair, and equitable basis, and a most advantageous award.

RFQ- Request for Qualifications

A document defining the project scope of requested personal, professional, or planning services, which scope is used to notify consultants of the City's intent to contract and to request a written response of their interest. An award may be made from an RFQ only or will be considered as a first step prior to the issuing of an RFP for shortlisted proposers.

RFP- Request for Proposals

A procurement process outlining the City's needs for performance of a consulting service, revenue, or similar project, its objectives, scope of work, evaluation, and qualifications criteria, and other pertinent facts needed in preparing a proposal to perform the requested work for the City. The RFP allows flexibility in procedure, allows negotiation of contract terms, and contemplates a most advantageous award.

Goods

Supplies, equipment, and other personal property.

General Services

Services including insurance, technical services related to the purchase of a high technology item, or other types of manual, physical, or intellectual labor.

Professional Services

Services rendered by a member of a recognized discipline with widely accepted standards of required study or specified attainments in special knowledge, as distinguished from mere skill.
