6-Month Project Forecast
Oct. 2021 -March 2022 (Summary)
Attachment A

CONTRACT TYPE	PROJECT NAME	CURRENT PROVIDER / PROJECT DESCRIPTION	ASSIGNED PROJECT NUMBER (if any)	ESTIMATED PROJECT AMOUNT (if known)	ANTICIPATED AVAILABILITY OF SPEC**	ANTICIPATED DATE OF AWARD
Sealed Bids	2019 Drainage Ditch Improvements Ph 1 (4 locations)	This project primarily consists of drainage improvements to the roadside ditch along four unimproved roadways. Main improvements include grading, driveway culverts, extending underground drainage pipes, and channel improvements.	PWDR19005A	\$ 1,701,897.00	July-21	September-21
Sealed Bids	2017 Misc Erosion Impro (Derby Hill, Trail Lake & Green Acres)	Cold Springs location - Channel erosion repair through the installation of gabions and rip rap in the flowline of Rush Creek Tributary 14. Trail Lake location - Street rebuild of Trail Lake Drive between Mountainwood Drive and Woodlake Drive. Erosion repair through the updating of the ditch profile and installation of a new storm drain line. Green Acres location - Channel erosion repair through the installation of rock rip rap and concrete slope protection.	PWDR17011B	\$ 270,000.00	August-21	October-21
Sealed Bids	2019 Infrastructure Erosion Repair, Ph 3 - Kee Branch Trib 1	The Kee Branch Trib 1 portion of the 2019 Infrastructure Erosion Repair is designed to stabilize that creek around storm drain outfalls, and where concrete grade control structures previously failed. The work will consist of: Grading isolated areas along creek banks to stable slopes, Installing Turf Reinforcement Matting and Installing Dry-stacked rock rip rap, grouted rip rap.	PWDR19010C	\$ 399,840.00	August-21	October-21
Sealed Bids	Harvest Hills Channel Rebuild	Replace the drainage channel between New York Avenue and Allen Avenue to accommodate higher flow rates anticipated with the Phase 2 neighborhood drainage improvements. The work will consist of: Re-grading the earthen channel between New York Avenue and Overbrook Drive, then installing Turf Reinforcement Matting for erosion protection. Demolition and removal of the concrete channel between Overbrook Drive and Allen Avenue. Installation of new 15" Sanitary Sewer. Construction of Modular Block Gravity Wall drainage channel with concrete bottom. Installation of new fencing along top of channel walls.	PWDR16008	\$ 7,965,000.00	September-21	November-21
Sealed Bids	2020 Stormwater Maint Project (Bridlegate, Glen Springs, Red Oak/Bowen, Storie, Turner Warnell@287 Business)	Storm Drain improvements at five separate locations around the City to mitigate roadway and home flooding. Improvements will include storm pipe, storm box culverts, ditch grading, turf reinforcement matting, asphalt paving repair, and miscellaneous concrete work.	PWDR20002	TBD	September-21	November-21
Sealed Bids	2020 Stormwater Maint Project (Blake Ashton, Tennyson, Westview Channel)	This project primarily consists of spot repairing or replacing existing drainage infrastructure to four separate drainage systems. Main improvements include drainage pipe lining, drainage pipe replacement, and hard armored channel improvements.	PWDR20003	\$ 1,300,000.00	September-21	November-21
Sealed Bids	2019 Stormwater Maintenance Project (Silkcrest and Ivycrest)	This project primarily consists of replacing existing drainage infrastructure along the back property line of several residential lots. Main improvements include drainage pipe and structure replacement and fencing replacement.	PWDR19006C	\$ 300,000.00	January-22	March-22
WATER & SEWER 817-459-6611						
Sealed Bid	Davis Pressure Plane Ph2 & UTA Blvd 12-inch WA	Information not available.	WUWS17001	\$6.1M	September-21	November-21

Oct. 2021 -March 2022 (Summary)
Attachment A**

CONTRACT TYPE	PROJECT NAME	CURRENT PROVIDER / PROJECT DESCRIPTION	ASSIGNED PROJECT NUMBER (if any)	ESTIMATED PROJECT AMOUNT (if known)	ANTICIPATED AVAILABILITY OF SPEC**	ANTICIPATED DATE OF AWARD
Sealed Bid	JK WTP Lab and Maintenance Building and Mini-Lab	Project Description: Construction of a new laboratory and maintenance facility at the JKWTP, and remodel of the existing JK Admin building mini-lab. Trades: Demolition, concrete (footings and building slabs), masonry walls (interior and exterior), structural steel building framing and floor/roof decking, rough carpentry, roofing and insulation, sheet metal flashing and trim, wall panels, interior & exterior doors, overhead doors, mirrors and glazing, drywall, ceramic tile floors, flooring, painting, toilets, fire protection, lockers, signage, laundry equipment, kitchen equipment, dishwashers, ice makers, fume hoods, window blinds, countertops, plumbing, HVAC (refrigeration, instrumentation and controls, natural gas), electrical (service/distribution, lighting), security system, fire alarm system, site paving, sidewalks, ramps, pavement markings, fencing, retaining walls, landscaping & irrigation, utilities (water and sanitary sewer, storm drains, gas service)	WUTR18004	\$13.3M	September-21	November-21
Sealed Bid	Woodside Drive Sanitary Sewer Main Relocation	Information not available.	WUWS18016	\$1.7M	October-21	December-21
Sealed Bid	I-20 Sanitary Sewer Siphon	Project Description: Rehab of heavily corroded 24-inch ductile iron pipe with cured-in-place pipe (CIPP). This project is highly complex because of the rehab technology, site access (involves installation of temporary 'bridge') and close proximity to IH-20 requiring coordination and permitting with TXDOT and the USACE. This project also requires bypass pumping of a large-diameter sanitary sewer line. Trades: Sanitary Sewer via open cut, Sanitary Sewer rehabilitation*, bypass pumping for sanitary sewer, sanitary sewer cleaning & CCTV, site restoration (hydromulch), tree removal, SWPPP, traffic control plan design, installation of a temporary creek crossing for site access. *rehabilitation via cured-in-place pipe liner. This work requires a specialty contractor.	WUWS17021	\$1M	October-21	December-21
Sealed Bid	Oak Street (Randol Mill to Sanford)	Project Description: Water and Sanitary Sewer renewal on Oak Street, from Randol Mill Road to Sanford Street. Trades: water and sanitary sewer utilities, paving	WUWS20009	\$2.5M	October-21	December-21
Sealed Bid	JK WTP WHSPS Pump 4 & 5 Addition	Project Description: Purchase and installation of (2) 5 MGD pumps for the West High Service Pump Station (WHSPS) at the JK WTP. This project requires the contractor to expand the existing WHSPS structural foundation and piping. Trades: concrete, structural steel, utilities (steel piping), demolition, earthwork, electrical (lighting, instrumentation, cabling and conduit), painting, instrumentation and controls.	WUTR19020	\$2.5M	October-21	December-21
