The Texas A&M University System Office of Facilities Planning & Construction (FP&C) on behalf of the Board of Regents of The Texas A&M University System (Owner) and West Texas A&M University are soliciting statements of qualifications for selection of a Design-Build (DB) firm for the Bain Athletic Expansion Phase II project #18-3363 ("Project") in Canyon, Texas, in accordance with the terms, conditions, and requirements set forth in the Request for Qualifications.

The proposed 14,007 gross square feet one-story building will bring the Athletic Department from offices all over campus to the new building constructed adjacent to the Bain Building Phase 1. The expansion will house offices, work areas, meeting rooms, a breakroom, a creative lab, Hall of Champions atrium, and a development and alumni lounge. The two buildings should function together, provide connection points for shared access, and be sited to allow for potential future expansion.
