

Banjak Heating of Sharon is hiring technicians!

Our ideal candidate will have a minimum of 3-6+ years experience with a strong knowledge of residential and light commercial HVAC systems and controls.

Our Technicians are providing maintenance, trouble shooting, diagnose and repair various types of residential and light commercial HVAC units. This position will require a high level of customer interaction and educating the customer on their equipment. This position requires an on-call rotation during the winter months.

We required a clean driving record with a valid driver's license.

This is a full-time position with a full benefit package including medical coverage, life insurance, Short-term disability insurance, 401K, paid holidays, paid vacations, annual and Christmas bonus. We provide Company vehicle, uniforms, tablets and reimbursement on cell phone. Our technicians also can receive sale commissions.

If you are looking for a change please send us your confidential resume to [banjakheating@yahoo.com](mailto:banjakheating@yahoo.com)
