Meridian, ID., March 31, 2022 – Loose Screw Beer Company, Meridian Idaho's only brewery is under new ownership! Loose Screw is now led by Meridian residents husband and wife team, Mike and Pam Garcia. Mike has been in commercial finance for 20+ years and most recently the head of commercial banking for a local community bank based in Boise. In his professional tenure, Mike has focused his efforts in food/beverage manufacturing, specifically within the brewery industry. Mike plans to temporarily hang up his business suit for the next few months to focus on the brewery and spend more time with his family. Pam is a registered nurse who is currently staying home with their two young sons. The Garcias love the community of Meridian and are excited to deepen their roots here as business owners.

Loose Screw Beer Company's previous owners did an excellent job rebranding the company and creating a vibrant neighborhood taproom at 1511 W. McMillan Rd. in North Meridian. The Garcias look forward to taking what has already been accomplished and elevating it to the next level. All current staff will remain in place including head brewer Marcos and taproom manager Matt. Retaining these key team members will ensure that patrons will still enjoy "Crazy Good Beer" served by an amazing taproom crew.

Mike and Pam believe in community engagement and value collaboration with other local small businesses. Mike is fortunate that his corporate career has supported his philanthropic passion. Mike has always given back to the community by serving on numerous non-profit boards and municipal appointments. They plan to use this opportunity as small business owners to make the already wonderful community of Meridian even better!

If you don't already know, Loose Screw is a family friendly spot. This includes kiddos and fur-babies. Games, non-alcoholic beverages, and even a water dish and treats for your pup abound. Family fun memories will continue to be made in the taproom.

Loose Screw will operate as usual through Sunday, April 3rd. It will briefly close from April 4th through the 6th to complete some exciting improvements and tend to some general maintenance. April 7th will bring a refreshed space inside and an expanded patio with a new vibe. Firepits, furniture, and evening ambiance await. Spring is here, the weather has turned, and good times are ready to be had at Loose Screw Beer Company.

Be sure to join us on April 7th. It's National Craft Beer Day and Pints Up Idaho. The first 100 "Crazy Ones" to come to the taproom during business hours of 12pm to 9pm will receive a commemorative pint glass.

Cheers to the Crazy Ones!
