Chaney wins at Perham

PERHAM — Calia Chaney of Pequot Lakes took home a first-place finish with a time of 19:26.23 as the Pequot girls finished ninth at the “Brave Like Gabe” Invitational Saturday, Aug. 27.

Eli Hall finished in fourth place for the Pequot Lakes boys after

running a time of 16:59.16 as Pequot placed 10th as a team.

Hunting regulations, deer hunting licenses now available

Deer hunting licenses can now be purchased and the 2022 Minnesota hunting regulations are available on the Department of Natural Resources website at mndnr.gov/Hunting.

Print copies of the regulations will be available in early August wherever licenses are sold.

When deer hunters venture out into fields and forests this fall, they will find healthy deer populations faring well in most of Minnesota, ample harvest opportunities, and a continued commitment to managing chronic wasting disease management adaptively statewide.

“We’re excited about deer hunting this year,” Kelly Straka, wildlife section manager for the Minnesota Department of Natural Resources said in a news release. “Hunters in 20% of our deer permit areas will have increased opportunities for harvest, and opportunities in 70% of DPAs remain unchanged from last year. In some areas of northern Minnesota, severe winter conditions have impacted low deer numbers, so hunter opportunity in these areas is designed to help stabilize or increase those populations.”

Minnesota has the following deer seasons:

- Archery: Saturday, Sept. 17, through Saturday, Dec. 31.
- Youth and early antlerless: Thursday, Oct. 20, through Sunday, Oct. 23.
- Firearms: Saturday, Nov. 5, with various closing dates depending on a hunter’s DPA.
- Muzzleloader: Saturday, Nov. 26, through Sunday, Dec. 11.

Changes for this year include:

- Eight more DPAs included in the hunt. Hunters will also have more license options for the early antlerless season.
- Increased bag limits or lottery permits in 28 DPAs, the same limits in 90 DPAs and decreased limits in 12 DPAs.

In addition to deer seasons, hunters can participate in special deer hunts. The DNR, municipalities and organizations across Minnesota offer opportunities to hunt at special times and in areas that might regularly be closed to hunting.

Participation in these hunts is limited and often requires special registration. More information is available on the DNR website at mndnr.gov/Hunting/

[Deer/index.html#SpecialHunts](#).

Hunters can get the information they need for each DPA by using the interactive deer map on the DNR’s deer hunting page (mndnr.gov/Hunting/Deer). By clicking within the borders of a DPA on the map, hunters can access a “make a plan” link that takes them directly to the DNR’s Make a Plan tool, where they can view the steps deer hunters in that DPA must follow to legally harvest deer.

The tool also provides information for determining where and how to submit a sample for CWD testing and whether sampling is mandatory in the DPA.

Firearm and muzzleloader hunters who want to harvest antlerless deer in a DPA designated as lottery need to purchase their license by Thursday, Sept. 8. Hunters who purchase their license by Sept. 8 are automatically entered into the lottery for the DPA or special hunt area they declare. No application is needed to take antlerless deer in permit areas with either sex, two-deer limit, three-deer limit, or five-deer limit designations.

Wick competes at Robin Lee meet

Cassidy Wick of Pequot Lakes recently competed at the 50th annual Robin Lee Midwest Open Figure Skating Competition on Friday through Sunday, Aug. 5-7, in St. Louis Park. She competed at the Intermediate level and placed first in Showcase, second in jumps and second in compulsory. She is a member of the Vacationland Figure Skating Club in Brainerd and is coached by her mom. She is the daughter of Robert and Lynn Wick.

Football fans attending the Minnesota Vikings scrimmage against the San Francisco 49ers on Thursday, Aug. 18 at TCO Performance Center in Eagan.

VIKINGS

From Page A17

There were a couple long runs by the Vikings, especially rookie running back Bryant Koback. The Vikings offense moved the ball well with the exception of three or four dropped passes and poor blocking on some running plays. They were facing a defense led by NFL stars Nick Bosa and Fred Warner.

The scrimmage turned out to be the best chance to see the projected Vikings starters since most didn’t play in the Vikings three preseason games.

As the practice came to a close, we noticed a positive atmosphere as Vikings players gathered around their new head coach Kevin O’Connell, who really doesn’t look much older than some

of the ball boys helping the team. O’Connell’s message resulted in laughter and cheers from the players. That was positive energy after a long practice in the summer heat.

We didn’t get autographs on this trip, but my family and I still enjoyed the opportunity to watch practice and get a close look at a Minnesota team with stars like Jefferson, Thielen and Dalvin Cook.

And it’s pretty obvious that the TCO facility is one of the best practice venues in the NFL with three outside practice fields, a 6,000-seat outdoor stadium and an inside practice field, a weight room and equipment facilities and meeting rooms. Having a quality facility certainly helps the Vikings prepare for the season and with attracting free agents.
