

# Exploring Ludlow Bay

Experience the magic and scenery of Port Ludlow from a new perspective, out on the water of beautiful Ludlow Bay. Witness up close why so many seals, otters, eagles, great blue heron, and many other creatures makes this their home. Cruise the pristine shoreline and enjoy seals and bird life in a protected bay with no boat traffic over 5 mph. Bring your crab pots, as Ludlow Bay has some of the best crabbing around.

# Exploring Outside Ludlow Bay

Our larger rental boats are great for exploring outside of Ludlow Bay. Discover the majestic scenery of Mats Mats Bay where you'll navigate through a narrow channel that opens up to a beautiful bay. Head south to the mouth of Hood Canal and view the Hood Canal Bridge. At 7,869 feet (1.49 miles), the Hood Canal Bridge is the largest floating bridge in the world located on a saltwater basin, and the fourth largest overall.
