Chamber member:

The African American Chamber of Commerce New Jersey (AACCNJ) is pleased to announce its partnership with Professional and Executive Education at Rutgers (PEER). Individual Chamber members – and organizations where they are employed – are eligible to receive a **15% discount** on select certificates, programs, and seminars/webinars in their catalog.

Programs range from Continuous Process Improvement/Lean Six Sigma to Small Business and Entrepreneurship, to name a few (see list below for all eligible programs). And, to accommodate today's busy schedules, PEER has created the innovative [Personal Learning Coach](#) delivery model (based on that of a Personal Trainer), which offers the best of both worlds for self-paced learning and personal instructor attention. Visit the [PEER website](#) to see their individual and organizational offerings as well as their "Power Up" Workshops and Seminars that organizations are using to recruit and retain employees in the new post-pandemic workforce environment.

To take advantage of this offer, visit our website and enter promotional code **AAChamber** when ordering or call us at 856-225-6685 to find out how we can support your organization's needs.

Programs for Organizations

The Rutgers–Camden Professional and Executive Education team can design and deliver custom training solutions for your organization that will equip your employees and future leaders with 21st century skills and enhance retention. Our team relies on a results-driven process that will deliver a measurable return on your organization's investment.

Our custom professional and workplace learning programs feature:

- Enhanced learning experience in classroom-based, 100% online, and blended delivery (Hybrid and Hyflex)

- Team-based projects that exhibit skills for career advancement or change

- Business simulations

- Relevant case studies

- Integration and enhancement of user-generated content

Programs for Individuals

We also offer various short duration professional programs and certificates to support individuals' career goals. These programs will help reskill or upskill for launching, switching, or enhancing one's career, such as:

- Lean Six Sigma: White Belt, Yellow Belt, Green Belt, and Black Belt

- Project Management

- Human Resources Management

- Budget, Accounting, and Financial Management

- Information Technology (IT) Management

- Small Business Management and Entrepreneurship

Programs are delivered in instructor-led classrooms or with a Personal Learning and Career Coach in 100% online, or in blended (hybrid and hyflex) formats.

Our results-driven, facilitated meeting management capabilities deliver:

- Shared understanding of new leadership requirements

- Contemporary perspective of working together across an organization, given new environmental working parameters

- Tools and techniques to align strategic priorities and turn them into focused, actionable work plans
