In the current fiscal year, which began in July, the picture is equally troubling. Through the first two months of FY 2026, the CBT has fallen 54.8%, from \$241.4 million last year to just \$109 million this year. The BAIT is off 36% year-to-date. Combined, these business taxes have cratered 91% compared with the same period in FY 2025.
