Anatomy of an IEP - Like a biology student, this presentation will dissect the parts of the IEP document and examine their functions individually learning their meanings and application. It will provide constructive and practical tips to help create an IEP that supports all of the student's needs. We will explore the parent's role in the IEP process and learn the basics of their child's right to special education services, the process of developing special education plans, and the parent's role.

Date: Tuesday, January 9, 2018

Time: 11:00 am – 12:00 pm

Understanding the Evaluation Process in Special Education - You've noticed your child is not keeping up with the rest of the class and you suspect your child may have a learning disability. If you feel your child's needs aren't being met in the general education setting, he or she may be eligible to receive special education services. In this presentation, you will learn about the evaluation process in special education.

Questions like, when can I ask for an evaluation, what is the process and what are my child's rights. Join us and learn all you need to know about getting the evaluation process started for your child.

Date: Wednesday, January 17, 2018

Time: 8:00 pm - 9:00 pm

Audience: Parents, Caregivers, and Professionals of School-Aged Children/Students.

"ADA and Childcare" - Meeting the needs of individual children is something child care providers understand. The Americans with Disabilities Act (ADA) is a federal law, enacted in 1990, that provides child care professionals with an exciting opportunity to serve children with special needs or disabilities. The ADA gives the opportunity for child care providers to include children with disabilities in care. Providers, children and parents all benefit when children can learn and play together.

Including both children with and without disabilities in child care reflects our larger community where people with and without disabilities live, work, and play together. Participants will gain an understanding of reasonable modifications in policies, practices, and procedures in order to accommodate individuals with disabilities.

Date: Tuesday, January 30, 2018

Time: 12:00 pm – 1:00 pm

Audience: Parents, Caregivers, and Professionals of School-Aged Children/Students.

Extended School Year (ESY) Services: Helping Children Sustain & Maintain Learning - Extended school year (ESY) services are required special education and related services provided beyond the limits of the school term, in accordance with the child's individualized education program (IEP), and at no cost to the parents.

These services are necessary in order to provide a free appropriate public education (FAPE). This webinar will be an opportunity to learn more about the federal regulations that specifically address ESY services. Additionally, it will provide parents with the information on requesting these services and how IEP teams determine the need for ESY services.

Date: Wednesday, January 31, 2018

Time: 11:30 am – 12:30 pm
