

Los Alamos National Laboratory

Partnering with unions to create opportunities

At the Lab, **Craft professionals** work on a wide variety of important and challenging projects in support of the Laboratory's mission to solve national security challenges through scientific excellence. The Lab provides multiple career opportunities and various projects, in addition to providing competitive wage packages, leadership and training for career growth.

Los Alamos
NATIONAL LABORATORY

Meet Our Craft Professionals

“The Lab is not like anywhere else. You couldn’t ask for a safer place to work, and the people are exceptional. For anyone looking to make a career, join a union and come to Los Alamos.”

- Tom Meredith, Ironworker

“After working for a few different contractors and as a driver/operator, I scored the job of a lifetime here at LANL with the teamsters and loved it since. Here you can grow your career and meet great people.”

- Daniel Sandoval, Teamster

“Here I’ve met friends that have become family. They have made this an experience of a lifetime.”

- Orlando Griego, Electrician Journeyman

“At LANL, you can move into any position, whether you decide to stay a laborer, move to a different union or become a building manager, superintendent or an office employee. You can grow here.”

- Gwendolyn Tom, Pipefitter
